Dear Board,

We write in connection with the following proceedings: IPR2025-00422 and IPR2025-00423 (Patent No. 10,668,430), IPR2025-00424 and IPR2025-00425 (Patent No. 10,589,225), and IPR2025-00687 and IPR2025-00688 (Patent No. 10,933,370). The institution decisions in these six proceedings were filed under seal. Though the institution decisions cite to confidential exhibits previously filed under seal (and the exhibits should remain sealed), the institution decisions themselves do not contain confidential information. I have copied counsel for each of the petitioners and former petitioners, and we confirm that the institution decisions can be made publicly available without redaction.

Petitioners previously emailed the Board on September 22, 2025 (in email chain below) to confirm that the institution decisions in IPR2025-00274, IPR2025-00278, IPR2025-00280, and IPR2025-00281 (U.S. Patent Nos. 10,343,114 and 10,596,517) can also be filed publicly.

We have also conferred with Patent Owner as to the above institution decisions, and Patent Owner agrees that the above institution decisions can be made publicly available without redaction.

Regards,  
David Tobin
