BIS Website - Entity List FAQs

What is the Entity List?

The Bureau of Industry and Security (BIS) publishes the names of certain foreign persons – including businesses, research institutions, government and private organizations, individuals, and other types of legal persons - that are subject to specific license requirements for the export, reexport and/or transfer (in-country) of specified items. These persons comprise the Entity List, which is found at Supplement No. 4 to Part 744 of the Export Administration Regulations (EAR). The persons on the Entity List are subject to individual licensing requirements and policies supplemental to those found elsewhere in the EAR.

What is the background and purpose of the Entity List?

Where can I find the Entity List?

Why should I check the Entity List?

Can a U.S. company have any dealings with a listed entity?
