PER CURIAM

ORDER
Granting Petitioner's Motion to Seal
37 C.F.R. §§ 42.14, 42.54

¹ This Order addresses issues in each of the identified proceedings. We exercise our discretion to issue one Order to be filed in each proceeding. The parties are not authorized to use this style heading in subsequent papers. This is not a decision by an expanded panel of the Board. Rather, the listed judges are paneled on various of the listed cases.

Petitioner Merck Sharp & Dohme LLC (“Petitioner”) filed a motion to seal the confidential version of its Opposition to Patent Owner’s Motion to Terminate (Paper 93) and Exhibits 1236, 1242, and 1244. *See* Paper 92² (“Mot.”) 1–3.

The standard for granting a motion to seal is “for good cause.” 37 C.F.R. § 42.54(a). That standard includes a showing that (1) the information sought to be sealed is truly confidential, (2) a concrete harm would result upon public disclosure, (3) there exists a genuine need to rely in the trial on the specific information sought to be sealed, and (4) on balance, an interest in maintaining confidentiality outweighs the strong public interest in having an open record. *Argentum Pharms. LLC v. Alcon Research, Ltd.*, IPR2017-01053, Paper 27 (PTAB Jan. 19, 2018) (informative), 3–4.

Petitioner represents that the portions of its Opposition to Patent Owner’s Motion to Terminate it seeks to seal discuss “Petitioner’s confidential information and documents that Petitioner has marked as ‘PROTECTIVE ORDER MATERIAL.’” Mot. 2. Petitioner further states that “[t]he documents and information contained therein are indeed confidential, [and] the information sought to be sealed has not been published or otherwise made public.” *Id.* Moreover, Petitioner states that “to the best of its ability” it has “limited the material in its Opposition to Patent Owner’s Motion to Terminate to non-confidential information” and filed a public, redacted version of its Opposition (Paper 94). *Id.* Regarding the exhibits, Petitioner represents they contain “confidential and highly sensitive

information relating to” Petitioner’s employee records and tax filings “that have not been published or otherwise made public.” *Id.* at 3.

We find that the information Petitioner seeks to seal is limited and is the type of information typically kept confidential as commercially sensitive information. Moreover, the redactions to Petitioner’s Opposition appear to be reasonably limited to protecting this information, and therefore strike an appropriate balance with the public’s interest in an open record.

Accordingly, we grant Petitioner’s Motion. 37 C.F.R. §§ 42.14, 42.54.

We remind the parties that confidential information that is subject to a protective order ordinarily becomes public 45 days after final judgment in a trial.³ *See Consolidated Office Trial Practice Guide*⁴ 21–22. There is an expectation that information will be made public where the existence of the information is referred to in a decision to grant or deny a request to institute a review. *Id.* at 22. A party seeking to maintain the confidentiality of information, however, may file a motion to expunge the information from the record prior to the information becoming public. *Id.*; 37 C.F.R. § 42.56.

³ For purposes of this order, final judgment includes conclusion of any appeal.
