I. Introduction

On July 29, 2025, counsel for Respondent Neural AI, LLC (“NAI”) emailed the Patent Trial and Appeal Board (the “Board”) requesting entry of a Protective Order in this proceeding. NAI further stipulated that the Protective Order would be identical to those proposed by Petitioner NVIDIA Corporation (“NVIDIA”) in IPR2025-00606 and -00608. That proposed Protective Order is based on the PTAB’s Default Protective Order, with the addition of Attorneys Eyes’ Only and Outside Attorneys’ Eyes Only designations to correspond to designations in the Protective Order being negotiated for the co-pending district court action. On August 25, 2025, counsel for NAI submitted Motions for entry of a Protective Order and to Seal portions of its Discretionary Denial Brief. Paper 12; Paper 13.

NVIDIA supports NAI’s Motion for Entry of Protective Order. On August 26, 2025, counsel for NVIDIA emailed the Board requesting authorization to file its own Motions for Entry of a Protective Order and to Seal, explaining that it would propose the same agreed Protective Order sought by NAI and proposed in IPR-00606 and -00608. Petitioner received an email from director_discretionary_decision@uspto.gov approving submission of the proposed Protective Order on August 27, 2025. In accordance with the Office’s instructions, Petitioner has attached a clean version of the Proposed Stipulated Protective Order as Addendum A and also filed it separately as Exhibit 1033 as instructed by the

Office and a redline showing the proposed modifications to the Default Protective Order as Addendum B and also filed it separately as Exhibit 1034.

Petitioner further moves to seal (1) a document produced by Patent Owner with the Bates Numbers NAI_0007735–36 and filed as Exhibit 1062, which Patent Owner designated this document as “Attorneys’ Eyes Only” in the co-pending district court litigation, (2) two agreements (Exhibits 1060 and 1061), which have not been published or otherwise made public, and (3) portions of Petitioners’ Response to Patent Owner’s Request for Discretionary Denial.

II. Good Cause Supports Petitioner’s Motions for Entry of a Protective Order and to Seal

Good cause supports entry of the Proposed Stipulated Protective Order. The materials that Petitioner anticipates sealing contain confidential information and technical know-how that was produced by Patent Owner and designated as “Attorneys’ Eyes Only” in the co-pending district court litigation between the parties, styled Neural AI, LLC v. NVIDIA Corporation, Case No. 7-24-cv-00221 (W.D. Tex.) (the “Texas Action”), or confidential technical information of Petitioner or confidential information subject to non-disclosure agreements between the parties.

Good cause exists for the sealing of the document produced by Patent Owner with the Bates Numbers NAI_0007735–36 and filed as Exhibit 1062, and references to this document in the Petitioner’s Response to Patent Owner’s Request for

Discretionary Denial. This document was designated by Patent Owner under the district court's interim protective order as containing "Attorneys' Eyes Only" information and contains confidential information and technical know-how of the Patent Owner.

Good cause also exists for sealing the documents filed as Exhibits 1060 and 1061, and references to these documents in the Petitioner's Response to Patent Owner's Request for Discretionary Denial. The exhibits are confidential agreements between Neurala, Inc. (a former assignee of the challenged patent) and Petitioner NVIDIA, the terms of which are not publicly known.

In accordance with the Board's instructions, the Proposed Stipulated Protective Order is based on the Default Protective Order. Petitioner further submits that the Proposed Stipulated Protective Order is narrowly tailored to protect the confidential information in the same manner as it has been protected in the Texas Action without significantly impacting the public's interest in maintaining a complete and understandable file history. Specifically, the Proposed Stipulated Protective Order includes the following modifications relative to the Default Protective Order:

- Paragraph 1 of the Default Protective Order is modified to reflect the types of confidential information that may be produced in this IPR includes "any document, information, or material that constitutes or includes, in whole or in

part, confidential or proprietary information or trade secrets of the Party or a Third Party to whom the Party reasonably believes it owes an obligation of confidentiality with respect to such document, information, or material.”

- Paragraph 2 of the Default Protective Order is modified to limit dissemination of material designated Confidential to Outside Counsel of Record (as opposed to Party Representatives).
- Paragraphs 3 to 5 were added to allow parties to designate materials as “CONFIDENTIAL - ATTORNEYS’ EYES ONLY - PROTECTIVE ORDER MATERIAL” or “HIGHLY CONFIDENTIAL - OUTSIDE ATTORNEYS’ EYES ONLY - PROTECTIVE ORDER MATERIAL,” to the extent such material is “so sensitive that its dissemination deserves even further limitation.”
- Paragraph 10 was added to confirm that this Proposed Protective Order does not alter the parties’ obligations under the Protective Order that will be entered in the Texas Action.

III. Certification of Non-Publication

Undersigned counsel, on behalf of Petitioner, certifies that the information sought to be sealed has not, to their knowledge, been published or otherwise made public by Patent Owner.

IV. Certification of Conference

Petitioner certifies that it has conferred with counsel for Patent Owner. Counsel for Patent Owner has stated that it agrees to the Proposed Stipulated Protective Order pending approval by the Board and agrees to the sealing of the information Patent Owner designated as Attorneys' Eyes Only.

V. Conclusion

For the foregoing reasons, Patent Owner respectfully requests that the Board enter the Proposed Stipulated Protective Order, appended (in clean form) as Addendum A and filed as Exhibit 1037, seal the document that was produced to Petitioner in the Texas Action under the "Highly Confidential – Attorneys' Eyes Only" designation and bearing the Bates Numbers NAI_0007735–36 and attached as Exhibit 1062, seal the confidential agreements filed as Exhibits 1060 and 1061, and seal the portions of Petitioner's Response to Patent Owner's Request for Discretionary Denial that reference the sealed exhibits.

DATED: August 28, 2025

Respectfully Submitted,
