About TSMC Washington

TSMC Wa strives to protect and improve the quality of life of our employees and our local community in Camas, Washington. Our Environmental, Health and Safety (EH&S) Programs are designed to provide a safe workplace, prevent incidents, minimize environmental impacts and pollution, and assure compliance with applicable regulations. This is accomplished through integrity, customer trust, innovation and commitment – our core values.

For a more comprehensive description of the TSMC ESG commitment, [click here](#)

Founded as a U.S. limited liability company in June 1996, TSMC Washington was the first dedicated semiconductor contract manufacturer, also known as a pure-play foundry, in the United States. TSMC Washington is located on 260 acres in Camas, Washington, 30 minutes outside of Portland, Oregon, in the Pacific Northwest's Silicon Forest. The company's 1-million-square-foot fabrication complex includes approximately 130,000 square feet of clean room space. TSMC Washington is proud to be a part of TSMC's family of fabs which comprise the world's largest dedicated semiconductor foundry operation and provides the industry's leading process technology, library and IP options and other leading-edge foundry services, such as mask making and IC packaging and testing.

Vision and Mission

Our vision is to be the most advanced, innovative, and largest provider of foundry services, and in partnership with our customers...

Values and Business Philosophy

It's one thing to list our core values, but it's yet another to support them. Integrity, Customer Partnership, Innovation, and Commitment, really are at the core of everything we do...

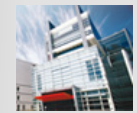

Quality and Reliability Policy

TSMC Washington is committed to delivering the highest quality semiconductor IC foundry services to our customers through continuous improvement in yield, cycle time, and on-time delivery...
