In re Application of :
Shattil, Steve J. :
Application No. 10/145,854 : **DECISION ON PETITION**
Filed: 14 May 2002 :
For CARRIER INTERFEROMETRY :
NETWORKS :

The above-identified application was forwarded to the Office of Petitions for review of the papers. A review of the record reveals that the above-captioned application was erroneously issued as U.S. Patent No. 10,673,758.

BACKGROUND

The present application was filed on May 14, 2002.

Prosecution led to the issuing of a Notice Allowance and Fee(s) Due and a Notice of Allowability on February 25, 2009. The Notice of Allowance and Fee(s) Due indicated that the \$755 issue fee and the \$300 publication fee were due on May 26, 2009, or the application would be regarded as abandoned.

On May 28, 2009, an untimely payment of the issue fee and publication fee was received, and a notice of abandonment was issued on June 24, 2009.

On July 15, 2009, a petition under 37 CFR 1.181 to withdraw the holding of abandonment of the application was received.

A decision dismissing the petition under 37 CFR 1.181 to withdraw the abandonment was issued on June 21, 2010.

An ePetition to revive the application under 37 CFR 1.137(a) was filed April 9, 2020. The ePetition was automatically granted in a decision issued the same day.

A corrected decision on the petition filed April 9, 2020 under 37 CFR 1.137(a) was issued on April 23, 2020. The decision of April 23, 2023 dismissed the petition under 37 CFR 1.137(a) and indicated that the application remained abandoned.

On May 13, 2020, an issue notification was issued indicating that patent 10,673,758 would issue on June 2, 2020.

On June 2, 2020, a patent-like document was published.

DISCUSSION

Failure to pay the required issue fee and publication fee prior to the expiration of the three-month statutory period provided in a Notice of Allowance will result in the abandonment of an application. *See* 35 U.S.C. 151(b). As explained above, the USPTO record indicates that applicant did not submit payment of the required issue fee and publication fee prior to the deadline for payment, and as a result, the application became abandoned on May 27, 2009.

An ePetition to revive under 37 CFR 1.137(a) was filed on April 9, 2020. A decision automatically granting the ePetition to revive under 37 CFR 1.137(a) was issued the same day by the Patents Electronic Filing System. A corrected decision issued on April 23, 2020, vacating the decision automatically granted on April 9, 2020. The decision issued on April 23, 2020, dismissed the petition under 1.137(a) and requested additional information regarding the delay in filing a grantable petition¹. No response to the decision of April 23, 2020, has been received. Therefore, this application remains abandoned.

Since this application is abandoned, no patent has issued. The following errata will be published in the Official Gazette:

“All references to Patent No. 10,673,758 to Steve J. Shattil of Boulder, CO for CARRIER INTERFEROMETRY NETWORKS appearing in the Official Gazette of June 2, 2020, should be deleted since no patent was granted.”

¹ The USPTO requires additional information concerning whether a delay in seeking the revival of an abandoned application was unintentional where the petition to revive was filed more than two years after the date the application became abandoned. See Clarification of the Practice for Requiring Additional Information in Petitions Filed in Patent Applications and Patents Based on Unintentional Delay, 85 FR 12222 (March 2, 2020). Therefore, additional information that provides an explanation of the circumstances surrounding the delay that establishes the entire delay was unintentional is required.

Application No. 10/145,854 : NOTICE VACATING PETITION
Filed: May 14, 2002 :
Attorney Docket No. CINET01 :

The purpose of this notice is to advise you that the decision automatically granted by Electronic Filing System (EFS) on April 9, 2020, is hereby **VACATED** for the reasons indicated below:

The record discloses the following:

- A Notice of Allowance and Fee(s) Due was mailed on February 25, 2009, which set a Non-Extendable Statutory Period for reply of three (3) months.
- The issue and publication fees were paid on May 28, 2009.
- A Notice of Abandonment was mailed on June 24, 2009, indicating that the application was abandoned for failure to timely pay the issue fee. The issue fee was due, on, or before, Tuesday, May 26, 2009¹.
- On July 15, 2009, a communication was filed request withdrawal of the holding of abandonment, The communication was treated as a petition under 37 CFR 1.181 requesting withdrawal of the holding of abandonment and dismissed by a decision mailed on June 21, 2010.
- On April 9, 2020, a Petition for Revival Of An Application For Patent Abandoned Unintentionally Under 37 CFR 1.137(a) was filed by the Electronic Filing System (EFS) and automatically granted by EFS on April 9, 2020. The petition was accompanied by the petition fee under 37 CFR 1.17(m) of \$1,000.00.

Effective December 1, 1997, the provisions of 37 CFR 1.137(b) now provide that where the delay in reply was unintentional, a petition may be filed to revive an abandoned application pursuant to 37 CFR 1.137(a). A grantable petition pursuant to 37 CFR 1.137(a) must, pursuant to 37 CFR 1.137(b), be accompanied by:

- (1) The reply required to the outstanding Office action or notice, unless previously filed;
- (2) The petition fee as set forth in § 1.17(m);
- (3) Any terminal disclaimer (and fee as set forth in § 1.20(d)) required pursuant to paragraph (d) of this section; and
- (4) A statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to this section was unintentional. The

¹ It is noted that Monday, May 25, 2009, was a federal holiday. See 37 CFR 1.6.

In re Application No. 10/145,854

Director may require additional information where there is a question whether the delay was unintentional. The instant petition does not satisfy the requirements of item (3) above.

The petition does not satisfy 37 CFR 1.137(b)(4). Petitioner submitted the required statement of unintentional delay. However, this petition to revive the abandoned application under 37 CFR 1.137(a) was filed more than two years after the date of abandonment.

The USPTO requires additional information concerning whether a delay in seeking the revival of an abandoned application was unintentional where the petition to revive was filed more than two years after the date the application became abandoned. *See Clarification of the Practice for Requiring Additional Information in Petitions Filed in Patent Applications and Patents Based on Unintentional Delay*, 85 FR 12222 (March 2, 2020). Therefore, additional information that provides an explanation of the circumstances surrounding the delay that establishes the entire delay was unintentional is required.

The USPTO is concerned with three periods of delay. Petitioner is reminded the burden of proof to establish that the delay from the due date for the reply until the filing of a grantable petition was unintentional within the meaning of 35 U.S.C. 27 and 37 CFR 1.137 rests with the petitioner. *See* MPEP 711.03(c)(II)(F).

The first period of delay petitioner must address on renewed petition is the delay in filing the reply that originally resulted in the abandonment of this application. Petitioner must explain the delay between when the reply was due and when the reply was filed.

The second period of delay petitioner must address on renewed petition is the delay in filing the initial petition pursuant to 37 CFR 1.137(a). Petitioner must explain why this initial petition was not filed until April 9, 2020.

The third period of delay petitioner must address on renewed petition is the delay in filing a *grantable* petition pursuant to 37 CFR 1.137(a).

When addressing each of these three periods of delay, petitioner is reminded that where the petitioner deliberately permits an application to become abandoned (*e.g.*, due to a conclusion the claims are unpatentable, a rejection in an Office action cannot be overcome, or the invention lacks sufficient commercial value to justify continued prosecution), the abandonment of such application is considered to be a deliberately chosen course of action, and the resulting delay cannot be considered as “unintentional” within the meaning of 37 CFR 1.137. *See In re Application of G*, 11 USPQ2d 1378, 1380 (Comm’r Pat. 1989). Similarly, an intentional course of action is not rendered unintentional when, upon reconsideration, the applicant changes his or her mind as to the course of action that should have been taken. *See In re Maldague*, 10 USPQ2d 1477, 1478 (Comm’r Pat. 1988). Petitioner’s failure to carry the burden of proof to establish that the “entire” delay was “unintentional” may lead to the denial of a petition under 37 CFR 1.137, regardless of the circumstances that originally resulted in the abandonment of the application.

Petitioner should note that the party whose delay is relevant is the party having the right or authority to file the response in the above identified application. When the applicant assigns the entire right, title, and interest in an invention to a third party (and thus does not retain any legal or equitable interest in the invention), the applicant’s delay is irrelevant in evaluating whether the delay was unintentional. *See Kim v. Quigg*, 718 F. Supp. 1280, 1284, 12 USPQ2d 1604, 1607-08 (E.D. Va. 1989). *See* MPEP

In re Application No. 10/145,854

711.03(c)(II)(C)-(F) for additional guidance on the information required to establish that the entire delay was unintentional.

In view of the above, the petition automatically granted by EFS on April 9, 2020, is vacated and the application remains ABANDONED.

A response to this letter must be submitted within TWO (2) MONTHS from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are permitted. The petition should include a cover letter entitled “Renewed Petition under 37 CFR 1.137(a).” This is not a final agency action within the meaning of 5 U.S.C. § 704.

OFFICE OF PETITIONS

In re Application of :
Shattil, Steve J. :
Application No. 10/145,854 :
Filed: May 14, 2002 :
Attorney Docket No. CINET 01 :

ON PETITION

This is a decision on the petition, filed July 15, 2009, which is being treated as a petition under 37 CFR 1.181, requesting withdrawal of the holding of abandonment in the above-identified application.

The petition is **DISMISSED**.

This application was held abandoned for failure to timely respond to the Notice of Allowance, mailed February 25, 2009, which set a three (3) month statutory period for reply. Accordingly, a reply was due on or before May 26, 2009. A Notice of Abandonment was mailed June 24, 2009.

A response was received by the USPTO on May 28, 2009.⁴ Petitioner contends that the reply was timely since it was mailed via Express Mail in accordance with 37 CFR 1.10 on May 26, 2009. As stated in 37 CFR 1.10(a), any correspondence received by the USPTO that was delivered by the "Express Mail Post Office to Addressee" service of the United States Postal Service (USPS) will be considered filed with the USPTO on the date of deposit with the USPS.

After further review of the instant petition, it does not appear the reply received on May 28, 2009 was mailed via the USPS Express Mail service, but rather, the USPS Priority Mail service. Both the USPS Postal Service Delivery Confirmation Receipt and the USPS Track & Confirm receipt provided by petitioner reflect Priority Mail service. In order for the reply to be considered filed on the date of deposit with the USPS as discussed in 37 CFR 1.10, the Express Mail service must be utilized.

Accordingly, as the reply received on May 28, 2009 was after the period for reply set forth in the Notice of Allowance, the instant application was properly abandoned.

ALTERNATIVE VENUE

Petitioner is strongly encouraged to consider filing a petition under 37 CFR 1.137(b) to revive an unintentionally abandoned application instead of filing a renewed petition under 37 CFR 1.181.

A grantable petition pursuant to 37 CFR 1.137(b) must be accompanied by:

- (1) The reply required to the outstanding Office action, unless previously filed;
- (2) The petition fee as set forth in 37 CFR 1.17(m), **\$810.00 for a small entity**;
- (3) A statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition was unintentional. The Director may require additional information where there is a question whether the delay was unintentional.
