Counsel,

No conference call is required. The parties are authorized to file a joint motion to terminate the proceedings.

The parties should be mindful of the requirements set forth in 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74 that any agreement between the parties made in connection with the termination of the proceeding must be in writing and a true copy of the agreement must be filed with the Board. The motion to terminate should also include a statement that there are no other agreements, oral or written, between the parties made in connection with, or in contemplation of, the termination of each proceeding, assuming such statement is correct. If the parties cannot make such statement, the other agreement(s) also should be filed under 37 C.F.R. § 42.74; *see also DTN v. Farms Technology, LLC*, IPR2018-01412, Paper 21 (PTAB June 19, 2019) (precedential) (setting forth requirements for filing collateral agreements).

Either party, or the parties jointly, are also authorized to file a request that the settlement agreement be treated as business confidential information and be kept separate from the file of the involved patent. 35 U.S.C. § 317(b); 37 C.F.R. § 42.74(c).

To have the settlement agreement treated as business confidential information under 37 C.F.R. § 42.74(c), the parties must file the confidential settlement electronically in P-TACTs as an exhibit in accordance with the instructions provided on the Board's website (uploading as "Parties and Board Only"). The parties are directed to FAQ G2 on the Board's website at http://www.uspto.gov/patents-application-process/patent-trial-and-appeal-board/ptab-e2e-frequently-asked-questions for further guidance.
