- **Model:** 2007 Lexus LS 600h L Launch E

A large black redaction box covers the main content area, with a muted speaker icon overlaid on it.

In celebration of Neiman Marcus' 100th anniversary in October, Lexus is making available 100 specially equipped LS 600h L Launch Edition models to be offered through the retailer to its InCircle® members—customers belonging to the luxury retailer's customer recognition program.

The InCircle program has a long history of established partnerships with select companies dedicated to excellence. To that end, Neiman Marcus this year offers this exclusively designed vehicle from Lexus directly to its InCircle members.

Complimentary Home Charger with Standard Installation†

"Since its inception nearly 25 years ago, InCircle has been known for serving individuals who demand the finest and are committed to luxury as a constant in their lives," said Jeffrey Netzer, vice president of Neiman Marcus Customer Programs. He continued, "InCircle is proud to announce Lexus as our newest automotive partner to participate in our renowned customer recognition program. We are pleased to extend this exclusive purchase offer with one of the most prestigious automotive brands to our members."

The LS 600h L is the world's first luxury full hybrid V8 vehicle, **available to the public mid-2007**. But for the fortunate few, 100 specially-equipped Limited Edition models of Lexus' most inspired and innovative vehicle will be available for purchase by InCircle members.

"Lexus is proud to offer this revolutionary car to Neiman Marcus' most loyal and discerning customers," said Deborah Meyer, vice president of marketing for Lexus. "They will not be disappointed—the LS 600h L stands alone in its class as the world's foremost hybrid vehicle in performance, style, safety and luxury."

coat color with a lustrous clear coat high gloss finish. The exterior will be finished in Alabaster color, with interior badging that will match the exterior. Exclusive alloy wheels have been created for this edition. A specially crafted Italian leather luggage set that will match the unique interior color scheme.

LS. The interior will feature a luxurious leather upholstery. This is a limited edition vehicle. Exclusive 19-inch chrome wheels will be included. A specially crafted Italian leather luggage set that will match the unique interior color scheme.

The hybrid-drive system in the LS 600h L combines an all-new five-liter V8 gasoline engine with large, high-output electric motors and a newly designed large-capacity battery pack. This advanced combination will provide the LS 600h L with an unmatched balance of environmental efficiency and a peak combined output rating of more than 430 horsepower.

Technology amenities will include voice-activated hard disk drive (HDD) Navigation with Bluetooth® technology and XM real-time traffic system, a first in the prestige luxury segment, a rear-seat DVD entertainment system with power nine-inch drop-down screen, and the specially developed 19-speaker 450-watt Mark Levinson® Reference Surround Sound audio system, which creates a new standard for automotive sound systems. In addition, the **LS 600h L will be the world's first vehicle to be equipped with LED headlights for nighttime and low-beam use.**

The all-new LS 600 h L will offer an Advanced Parking Guidance System. The driver simply selects a parking spot, lines up the vehicle and pushes a button and the system parks the car with just a little brake work by the driver.
