

SONY STIPULATION

Sony Interactive Entertainment Inc. and Sony Interactive Entertainment LLC (collectively, “Sony”) have filed a petition for *inter partes* review (IPR2025-00960) with the Patent Trial and Appeal Board (PTAB) to address the patentability of claims in U.S. Patent No. 10,917,272 (“the ’272 Patent”).

The ’272 Patent challenged in IPR2025-00960 has been asserted against Sony in the following matters (collectively, “the co-pending litigation”):

Certain Video Game Consoles, Routers and Gateways, and Components Thereof; Inv. No. 337-TA-1445 (Violation), 337-TA-1445 (ITC); and

AX Wireless, LLC v. Sony Interactive Entertainment, Inc. et al, 4-25-cv-00175 (EDTX).

Sony hereby stipulates that, if the PTAB institutes review in IPR2025-00960, Sony will not pursue in the co-pending litigation the specific grounds asserted in *inter partes* review proceedings in IPR2025-00960, or any other ground that could have been reasonably raised in IPR2025-00960 (i.e., any ground that could have been raised under §§ 102 or 103 on the basis of prior art patents or printed publications).” *See Sotera Wireless, Inc. v. Masimo Corporation*, IPR2020-

01019, Paper 12 (PTAB Dec. 1, 2020). Sony also stipulates that, if the PTAB institutes review in IPR2025-00960, Sony will not pursue in the co-pending litigation combinations of the prior art asserted in IPR2025-00960 with unpublished system prior art (or any other type of prior art). *See Motorola Solutions, Inc. v. Stellar, LLC*, IPR2024-01205, IPR2024-01206, IPR2024-01207 & IPR2024-01208, Paper 19 (PTAB Mar. 28, 2025).

In so stipulating, Sony seeks to avoid multiple proceedings in different forums addressing the validity of the instituted claims based on the same grounds or prior art. For the sake of clarity, and to avoid any doubt, if the PTAB declines to institute (or withdraws institution) in IPR2025-00960, the conditions supporting the above stipulation will be unmet and the stipulation shall be considered null and void.

Respectfully submitted,

/Jeremy J. Monaldo/
