

COMPANY

Corporate profile

As the leader in innovative memory solutions, Micron is helping the world make sense of data by delivering technology that is transforming how the world uses information to enrich life for all.

Who we are

The world is moving to a new economic model, where data is driving value creation in ways we had not imagined just a few years ago. Data is today's new business currency, and memory and storage are strategic differentiators which will redefine how we extract value from data to expand global economy and transform our society.

As the leader in innovative memory solutions, Micron is helping the world make sense of data by delivering technology that is transforming how the world uses information to enrich life for all.

NAND, and NOR technology.

By providing foundational capability for innovations like AI and 5G across data center, the intelligent edge, and consumer devices, we unlock innovation across industries including healthcare, automotive and communications. Our technology and expertise are central to maximizing value from cutting-edge computing applications and new business models which disrupt and advance the industry.

From our roots in Boise, Idaho, Micron has grown into an influential global presence committed to being the best memory company in the world. This means conducting business with integrity, accountability, and professionalism and supporting our global community.

Our commitment to sustainable practices

Micron’s approach to sustainability is a reflection of how we have done business for over 45 years. Our dedication to employee health and safety, environmental quality and community support worldwide is detailed in our 2025 Sustainability Report.

Our history of giving back started in 1999 when we established the Micron Foundation and identified science, technology, engineering and math (STEM) education as a priority for Idaho students. Today, the Micron Foundation’s initiatives have become leading resources for educators and students in Idaho communities and beyond, and we donate millions of dollars to organizations and events identified by our local teams around the world.
