ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 1-5 and 16-30 are allowed because the prior art of record does not anticipate or render obvious the features of:

“wherein a perimeter of the second antenna element defines an antenna contour having a complexity level defined by the factor $F21$ having a value of at least 1.20 and complexity factor $F32$ having a value less than 1.75” in independent claims 1, 16, and 20;

and the features of:

“wherein a perimeter of the first antenna element defines a first antenna contour comprising at least thirty-five segments, the first antenna element defining an antenna box, an orthogonal projection of the antenna box along a normal to a face with a largest area of the antenna box defining an antenna rectangle, wherein a length of the first antenna contour is greater than four times a diagonal of the antenna rectangle; and a second antenna element configured to operate in at least one frequency band used by a 4G communication standard, wherein a perimeter of the second antenna element defines a second antenna contour comprising at least twenty segments” in independent claim 18.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
