Dear Honorable Board:

The Board's email of February 4, 2026 (below) authorizes Petitioners to "refile the identified exhibits as public documents."

For avoidance of doubt, Petitioners respectfully request clarification whether this authorization includes filing on the public record an unredacted version of the provisionally sealed Petition (Paper No. 3) in each case.

Thank you.

Respectfully submitted,

Dear Honorable Board:

In its Institution Decision in IPR2025-01026 (Paper 20) and -01027 (Paper 21) the Board denied the motion to seal filed with each Petition.

Given the Board's ruling denying each motion to seal, and for the reasons stated therein,

Petitioners request leave to file a motion in each case to:

1. expunge the documents marked confidential in each matter (which are currently available only to Parties and Board); and
2. refile them as public documents.

For specificity, this concerns the following documents, each of which—before the Board denied each motion to seal—was filed for Board and Parties:

IPR2025-01026	IPR2025-01027
Paper 3: Petition [Confidential]	Paper 3: Petition [Confidential]
EX1007: Weide Decl. [Confidential]	EX1007: Weide Decl. [Confidential]
EX1047 [Confidential]	EX1049-1059 [Confidential]
EX1048 [Confidential]	

Patent Owner’s IPR counsel states that “Patent Owner does not oppose Petitioner’s request for a motion to expunge the documents indicated below.”

Patent Owner’s litigation counsel states that “pursuant to paragraph 5 of the Amended Protective Order [in E.D. Tex.], Fractus will provide written consent for Geotab to file those infringement charts on the relevant public IPR dockets.”

Counsel for Petitioners and Patent Owner are available for a call to discuss this request at these times:

- 1-2 pm EST Tuesday February 3, 2026
- 10-12 am EST Wednesday February 4, 2026
- 9-11 am EST Thursday February 5, 2026

Thank you.

Respectfully submitted,
