Mr. Chad Anson
Senior Legal Counsel
Dell Inc.
One Dell Way
Round Rock, TX 78682

Dear Mr. Anson,

We understand that Dell Inc. ("Dell") offers products that include DisplayPort technology, such as the Mini DisplayPort adapters, Alienware 17, Precision M4800, Latitude E7440m, P2214H, P2415Q and OptiPlex 9020. As a result, Dell would benefit from coverage under our DisplayPort Patent Portfolio License.

By way of background, our DisplayPort Patent Portfolio License was established to provide a convenient and cost-effective alternative for obtaining coverage under essential patents from multiple patent owners in a single License. The patents in our License have been evaluated by independent patent experts and were found to be essential to the DisplayPort Standards for which the License is offered. Any company that offers products with DisplayPort technology needs to be licensed under these essential patents and will benefit from the coverage that our DisplayPort License provides.

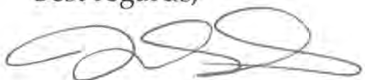

Normally, Dell would need to negotiate individual licenses directly with each patent owner for all the patents on the enclosed list, but our License makes it easy to obtain coverage from all of these patent owners in a single License. The patent owners are committed to assuring that all users of DisplayPort technology are licensed, so you also may hear from them directly.

“Once again, MPEG LA is proud to be part of the solution,” said MPEG LA President and CEO Larry Horn. “Like MPEG LA’s other licenses, our license for DisplayPort gives product suppliers convenient access to important technologies under a single patent license enabling them to focus their resources on innovation and new product creation instead of protracted licensing and litigation. It is the marketplace at work.”

Initial DisplayPort technology owners include Hitachi Maxell, Ltd.; Koninklijke Philips N.V.; Silicon Image, Inc.; and Sony Corporation.

Copies of the DisplayPort Patent Portfolio License agreement may be obtained at <http://www.mpegla.com/main/programs/DisplayPort/Pages/AgreementExpress.aspx>. A summary of the license terms is attached.

MPEG LA welcomes any party that believes it has patents that are essential to the DisplayPort standard to submit them for an evaluation of their essentiality by MPEG LA's patent experts and inclusion in the License if determined to be essential. Interested parties may request a copy of the terms and procedures governing patent submissions at <http://www.mpegla.com/main/programs/DisplayPort/Pages/Licensors.aspx>. DisplayPort Patent Portfolio License

This Agreement is made this _____ day of _____, 20____, by and between MPEG LA, L.L.C., a limited liability company of Delaware, having a principal place of business in Denver, Colorado, U.S.A. (hereinafter “Licensing Administrator”); and _____, having a principal place of business in _____ (hereinafter “Licensee”).

WHEREAS, a group of specifications commonly referred to as DisplayPort (DP) have been defined and are referred to in this Agreement as the “DP Specification” (as more fully defined herein);

WHEREAS, Silicon Image, Inc., a corporation of Delaware, U.S.A. , having a principal place of business in Sunnyvale, CA, U.S.A. (“Silicon Image”); Hitachi Maxell, Ltd, a corporation of Japan, having a principal place of business in Osaka, Japan (“Hitachi Maxell”); Koninklijke Philips N.V., a corporation of the Netherlands, having a principal place of business in Eindhoven, the Netherlands (“Philips”); and Sony Corporation, a corporation of Japan, having a principal place of business in Tokyo, Japan (“Sony”); (hereinafter collectively the “Licensors” or individually “Licensor,” as more fully defined in this Agreement) each own one or more patents that have been determined by an independent patent consultant to be DP Essential Patents;

WHEREAS, each Licensor believes that the DP Specification represents significant advances in the field of consumer electronics, which will make available innovative new products and services to the public, and for this reason desires to encourage widespread adoption of the DP Specification by, among others, consumer electronics, computing and other mobile product industries throughout the world;

WHEREAS, each Licensor has granted the Licensing Administrator a worldwide, non-exclusive license and/or sublicense for the DP Product Licensed Field of Use under its DP Essential Patent(s) licensable or sublicensable by the Licensor without payment to any third party (which is not an Affiliate) to allow the Licensing Administrator to grant worldwide, nonexclusive sublicenses under such DP Essential Patent(s);

WHEREAS, Licensing Administrator and Licensors believe that the terms and conditions of this Agreement are fair and reasonable for a license of the DP Patent Portfolio in light of the essential nature of the DP Essential Patents contained therein;

WHEREAS, Licensing Administrator commits to make this Agreement available to any party desiring a license on a non-discriminatory basis;

WHEREAS, the Licensing Administrator hereby intends to make available sublicenses in accordance with this Agreement under all DP Essential Patent(s) licensable or sublicensable by the Licensing Administrator as part of this joint licensing program to any individual, company or other entity desiring such a license and/or sublicense under the terms hereof;

WHEREAS, the Licensors agree to make available, through the Licensing Administrator, license rights under all DP Essential Patents that it or its Affiliates own as of the day they

became a Licensor or may own or have the right to license in the future (so long as payment to any third party which is not an Affiliate is not required) in a single sublicense for the convenience of any individual, company or other entity desirous of acquiring such rights, thereby avoiding the need of such individual, company or other entity to obtain separate licenses from each of the Licensors under its DP Essential Patent(s);

WHEREAS, Licensee understands that it is free to negotiate directly with one or more Licensors for a separate license on terms and conditions which are consistent with any licensing obligations agreed to or required, through participation in standards organizations, by regulation, or by law, under any or all of the DP Patent Portfolio Patents;

WHEREAS, Licensee has elected in its sole discretion to enter into the sublicense grant in this DisplayPort Patent Portfolio License under all the DP Patent Portfolio Patents and Licensee understands that this DisplayPort Patent Portfolio License is offered for the convenience of Licensee to obtain rights under the Patents of several entities in a single license to practice the DP Specification;

WHEREAS, Licensee understands that no royalty is payable on any product manufactured, used or sold unless such product would without payment of such royalty infringe an existing DP Essential Patent, and that all licenses granted by this Agreement are limited licenses as specified herein and no such licenses exhaust or waive all rights in any DP Essential Patent; and

WHEREAS, Licensee desires to obtain the rights offered in this DisplayPort Patent Portfolio License under the terms offered by the Licensing Administrator.

NOW, THEREFORE, the Licensing Administrator and Licensee AGREE AS FOLLOWS:

- (iii) offer for Sale DP Products, and
- (iv) for an End User to use such a licensed DP Product.

THE LICENSE GRANTED UNDER THIS SECTION 2.1 IS SUBJECT TO SECTION 2.2 AND LIMITED AS PROVIDED THEREIN. NO LICENSE IS GRANTED UNDER THIS SECTION 2.1 FOR A PARTICULAR DP PRODUCT UNLESS AND UNTIL ROYALTIES APPLICABLE UNDER ARTICLE 3 FOR THAT PARTICULAR DP PRODUCT ARE RECEIVED AND ACCEPTED BY LICENSING ADMINISTRATOR. IT IS THE INTENT OF THE PARTIES TO THIS AGREEMENT THAT NO SALE OF A PARTICULAR DP PRODUCT IS AN AUTHORIZED SALE UNDER THIS

AGREEMENT UNLESS AND UNTIL THE APPLICABLE ROYALTY IS RECEIVED AND ACCEPTED BY THE LICENSING ADMINISTRATOR.

2.2 Scope of License Grant.

NOTWITHSTANDING ANYTHING HEREIN TO THE CONTRARY:

(A) THE LICENSE RIGHTS OF SECTION 2.1 ARE INTENDED TO BE LIMITED TO THE LICENSE RIGHTS EXPLICITLY STATED THEREIN AND GRANT NO OTHER RIGHTS UNDER THE DP ESSENTIAL PATENTS. NO RIGHTS OTHER THAN THOSE EXPLICITLY STATED IN SECTION 2.1 MAY BE EXHAUSTED BY VIRTUE OF THIS AGREEMENT.

(B) NO LICENSE IS GRANTED HEREIN TO ANY PORTION OR SEGMENT OF ANY PRODUCT EXCEPT THOSE PORTIONS OR SEGMENTS OF SUCH PRODUCT THAT COMPLY WITH THE DP SPECIFICATION.

(C) NO OTHER LICENSES ARE GRANTED HEREIN FOR COVERAGE PROVIDED UNDER ANY OTHER PATENT PORTFOLIO LICENSE OFFERED BY LICENSING ADMINISTRATOR.

NO PRODUCT BECOMES LICENSED UNDER THIS AGREEMENT UNLESS AND UNTIL THE APPLICABLE ROYALTY IS RECEIVED AND ACCEPTED BY THE LICENSING ADMINISTRATOR.

2.3 No License or Immunity Unless Expressly Granted. No license, non-assert or immunity is granted by either party to the other party, either directly or by implication, estoppel or otherwise, other than as expressly provided herein.

2.4 No Sublicenses. The sublicenses granted herein do not include the right of the Licensee to grant any further sublicenses. The Licensing Administrator is willing to offer a DisplayPort Patent Portfolio License to any Affiliate of Licensee.

3. ROYALTIES AND PAYMENTS

3.1 DP Product Royalty. Licensee shall pay to the Licensing Administrator a running royalty throughout the term of this Agreement on all DP Products licensable by this Agreement that are Sold by Licensee or as otherwise required by this Agreement as follows:

3.1.1 DP Product. The royalty for the sublicense granted pursuant to Section 2.1 hereof for each DP Product Sold (a "Unit") on or after January 1, 2013, which DP Product is Manufactured or Sold in a country in which one or more DP Essential Patent(s) is in force shall be \$ 0.20 per unit.

3.2 The Payment of Running Royalties Upon the Sale of DP Products Sold in an Encrypted, Disabled, or Otherwise Unusable Form (for purposes of this Section 3.2, collectively, "Encrypted Products").

3.2.1 Royalties pursuant to Article 3 are payable upon the Sale of Encrypted Products in which the DP Product of the Encrypted Product is encrypted, disabled or otherwise unusable only:

3.2.1.1 upon the distribution of a key or other instrumentality allowing the Encrypted Product to be used;

3.2.1.2 if the encryption, disablement or other method employed to prevent use of the Encrypted Product is generally breached, royalties for all such Encrypted Products Sold shall immediately become payable pursuant to Article 3; or

3.2.1.3 if Licensee fails to take reasonable steps to ensure that the DP Product is encrypted, disabled or otherwise unusable, royalties for all such Encrypted Products Sold shall immediately become payable pursuant to Article 3.

3.3 Payment Schedule.

3.3.1 Payment of Per Unit Royalties. Per Unit royalties payable pursuant to Section 3.1 on DP Royalty Products Sold after the latest signature date ("Signature Date") specified on the final page of this Agreement shall be payable by Licensee to the Licensing Administrator semiannually as measured from such Signature Date to the last calendar day of each six-month period thereafter for DP Products licensed pursuant to Article 2 which are Sold during the immediately preceding semiannual period ending on the last calendar day of the second month preceding the month when royalties are payable unless Licensee and Licensing Administrator otherwise agree.

3.3.2 Back Royalties. Any royalties pursuant to the above schedule on DP Products Sold under the terms of this Agreement during the period between January 1, 2013 and the Signature Date of this Agreement (hereinafter "Back Royalties") shall be payable within one calendar month of such Signature Date together with accrued interest of ten percent (10%) per annum from the date of Sale of the DP Products to which the royalty applies, and shall be accompanied by a royalty statement in accordance with Section 3.8.

[7]

- 3.4 Payments Upon Termination or Expiration.** Within thirty (30) days after the effective date of termination or expiration of this Agreement, Licensee shall pay the Licensing Administrator (i) any and all amounts that are due pursuant to this Agreement as of the effective date of such termination or expiration, preceded by a royalty statement for such payment in accordance with Section 3.8, and (ii) all amounts at the applicable royalties specified in Article 3 for all DP Products in the possession of the Licensee as if such DP Products had been Sold as of the effective date of such termination or expiration.
- 3.5 Form of Payment.** Any payment made under the provisions of this Agreement shall be made in United States Dollars and by wire transfer to the account designated by the Licensing Administrator in writing to the Licensee or other means the Licensing Administrator shall, in its sole discretion, find acceptable.
- 3.5.1 Taxes.** In addition to the royalties set forth in Article 3, Licensee shall pay or reimburse the Licensing Administrator for any and all taxes, such as sales, excise, value added, use taxes, consumption taxes, and similar taxes of the Licensee, based on payments to be made hereunder in a jurisdiction(s) where such taxes are required. The royalties set forth in Article 3 shall be subject to withholding of any taxes of the Licensors required by applicable law. Withholding taxes, although withheld from royalty payments and remitted to the tax authority as required by law, are deemed paid by Licensors because the Licensors are the beneficial owners of all royalties. At the Licensing Administrator's request, the Licensee shall file any necessary tax forms required or desirable in order to apply for the application of rates under tax treaties. Nothing in this Section 3.5.1 shall require Licensee to take any action inconsistent with any applicable law or government regulation.
- 3.5.2** The Licensee shall not be required to pay or reimburse the Licensing Administrator for taxes based upon the net worth, capital, net income, or franchise of the Licensing Administrator, nor for taxes imposed upon the Licensing Administrator solely by reason of the Licensing Administrator's doing business in or being incorporated in the jurisdiction imposing such taxes.
- 3.5.3** The Licensee shall reasonably cooperate with the Licensing Administrator in respect to mitigation of any withholding taxes, including providing such information as may be required by the Licensing Administrator for purposes of obtaining refunds of any taxes withheld.
- 3.5.4** The Licensing Administrator shall reasonably cooperate and provide such information as may be required by the Licensee for any purpose or reason relating to taxation.

- 3.5.5** If the Licensee in good faith contests any tax that is payable or reimbursable by the Licensee, the Licensing Administrator shall reasonably cooperate in such contest at the Licensee's expense.
- 3.5.6** The Licensing Administrator shall pass on to the Licensee any tax refunds received by the Licensing Administrator with respect to the Licensee's previous payment or reimbursement of applicable taxes, if any.
- 3.6** **Late Payments.** Any payment required hereunder that is received by the Licensing Administrator after the date it is due pursuant to the terms of Article 3 (including unpaid portions of amounts due) shall bear interest, compounded monthly, at the lesser of ten percent (10%) per annum or the highest interest rate permitted to be charged by the Licensing Administrator under applicable law.
- 3.6.1** **Excess Interest.** Any interest charged or paid in excess of the maximum rate permitted by applicable law shall be deemed the result of a mistake and interest paid in excess of the maximum rate shall be promptly credited or refunded (at Licensee's option) to Licensee.
- 3.6.2** **When Payments are Deemed Made.** No payment shall be deemed made under this Agreement until the funds in the appropriate amount and as specified in this Agreement are actually received by the Licensing Administrator.
- 3.7** **Dishonored Checks.** If a payment due under this Agreement is made by Licensee's check and the check is dishonored, the payment may, at the Licensing Administrator's option, be deemed not to have been made. The Licensing Administrator may, at its option, by written notice to Licensee, require subsequent payments to be made by wire transfer or cashier's check in immediately available funds.
- 3.8** **Statements.** Royalty statements as specified in this Section 3.8 shall be provided in electronic form to the Licensing Administrator at least thirty (30) days before a royalty payment, if any, associated with such statement is due.
- 3.8.1** **Information Required on Royalty Statements.**
- 3.8.1.1** Royalties paid pursuant to Section 3.1.1 shall be accompanied by a statement that shall show in reasonable detail both (a) the quantity and country of Manufacture of any and all DP Products, (b) the quantity and country of Sale of any and all DP Products Sold by Licensee during such reporting period, and a calculation of the royalties, if any, which are payable by virtue of such Sale of DP Products during the period when the payment, if any, accrued. For Back Royalties pursuant to Section 3.3.2, Licensee shall use commercially reasonably

efforts to provide the same information including dates of Sale corresponding with statements for the periods that would have been reported for such back royalty DP Products.

3.8.2 The Licensing Administrator shall maintain all information in such statements of Licensee as Confidential Information in accordance with Article 5 of this Agreement, except to the extent that the information is needed by the Licensing Administrator to report to the Licensors the aggregate royalties paid by all sublicensees of the Licensing Administrator, including by geographic region. In no event shall the Licensing Administrator provide to any of the Licensors information on royalties paid on a sublicensee-by-sublicensee basis unless required by law, court order, or rule or regulation.

3.8.3 The Licensing Administrator shall have sole discretion to apply any royalties paid by Licensee to any DP Product for which a royalty is due under this Agreement, regardless of whether such DP Product is reported under this Agreement by Licensee.

3.9 Audits.

3.9.1 Books and Records. Licensee shall keep and maintain accurate and detailed books and records adequate for the Licensing Administrator to ascertain the royalties payable hereunder. In the normal course of business, Licensee shall maintain all books and records pertaining to a particular royalty reporting period but in no event shall such books and records be maintained for less than three (3) years from the date on which a royalty is paid or becomes due in respect of such period.

3.9.2 Audit Rights. The Licensing Administrator shall have the right to audit or have audited the books and records of Licensee relating to payments made or due hereunder for any and all period(s) of DP Patent Portfolio coverage from the Effective Date for the sole purpose of verifying the amounts due and payable hereunder, not more than once per Calendar Year (unless an audit reveals a shortfall as provided in this Section in which case there shall be no such limitation) upon reasonable notice to the Licensee. If reasonably practicable, all such audits shall be conducted during reasonable business hours of the Licensee. For purposes of collecting and reporting any royalties during the term of this Agreement, Licensee agrees to waive any applicable statute of limitations defense to any claim by the Licensing Administrator.

3.9.2.1 Any such audit shall be performed by an independent certified public accountant(s), consultant(s), or equivalent ("Auditor") as selected by the Licensing Administrator. Licensee shall fully cooperate with Auditor in conducting

such audit and shall permit Auditor to inspect and copy such portions of the Licensee's books and records that the Auditor deems appropriate and necessary ("Necessary Records"). It shall be a material breach of this Agreement for the Licensee to fail to provide to Auditor such Necessary Records.

3.9.2.2 The Licensing Administrator shall have the Auditor (and each member or employee thereof participating in the audit) agree not to disclose any information learned by the Auditor in the audit to any Licensor, nor use any such information, except (i) for providing the Licensing Administrator with a statement of payments due by Licensee in sufficient detail consistent with Section 3.9; or (ii) in connection with the Licensing Administrator's enforcement of rights under this Agreement. Such agreement shall constitute the complete nondisclosure obligation of the Auditor.

3.9.2.3 The cost of an audit in accordance with Section 3.9.2 shall be at the expense of the Licensing Administrator; provided, however, the Licensee shall pay the full cost of the audit if the audit reveals any underpayment which in the aggregate is greater than five percent (5%) of the amount actually due for the period being audited. Any payments due by the Licensee under Section 3.9 shall be due within thirty (30) days of notice from Licensing Administrator.

3.9.2.4 Regardless of whether there is agreement on the results of the audit, within thirty (30) days after receiving notice from the Licensing Administrator of any shortfalls uncovered, Licensee shall pay (i) any shortfalls plus interest as set forth in Section 3.6, as measured from the date when such shortfall should have been paid; and (ii) the cost of the audit if required under Section 3.9.2.3.

4. REPRESENTATIONS AND WARRANTIES

4.1 The Licensing Administrator represents and warrants that it has the authority, power and right to grant the rights and licenses to Licensee under this Agreement.

4.2 The Licensing Administrator makes no representation or warranty that the DP Patent Portfolio Patent(s) sublicensed hereunder includes all DP Essential Patent(s) throughout the world, or that the making, using or selling of products, or providing services covered by the claims of the DP Patent Portfolio Patent(s) licensed hereunder will not infringe, directly, contributorily, by inducement or otherwise, any patent or other intellectual property right of a person or entity other than the DP Patent Portfolio Patent(s).

- 4.3 Licensee represents and warrants that (a) Licensee is entering into this Agreement for its own convenience to acquire rights under DP Essential Patents from multiple licensors in a single transaction, (b) Licensee is fully aware that the Patents in the DP Patent Portfolio may not include all present and future DP Essential Patent(s), and that this Agreement may not provide Licensee with all the Patent rights or other rights needed to perform the activities contemplated by Licensee in entering into this Agreement; (c) Licensee understands that the terms of this Agreement require the payment of the same specified royalty regardless of whether one or more DP Essential Patents in the DP Patent Portfolio are infringed, (d) that the royalties specified herein are fair and reasonable for a license under one DP Essential Patent, and (e) for any product licensable hereunder for which applicable royalties have not been received and accepted by the Licensing Administrator, the Licensing Administrator shall be free to elect its remedies and pursue its remedies, *e.g.* by breach of contract or for Licensors to pursue Patent infringement.
- 4.4 Licensee represents and warrants that it has not and will not grant an exclusive license under a DP Essential Patent owned by Licensee and has not assigned a DP Essential Patent or application in anticipation of entering into this Agreement except for purposes of making it available as part of the DP Patent Portfolio or to Licensing Administrator for enforcement purposes.
- 4.5 Licensee represents that it understands it is not required by this Agreement to use all DP Essential Patents licensed herein, and that the respective royalty rates specified in this Agreement represent the value to Licensee of making, using, Selling and/or offering for Sale a DP Product under this Agreement and not the value of using any particular DP Essential Patent(s). Licensee further represents that a DP Product uses one or more DP Essential Patents.
- 4.6 Licensee represents that it understands that nothing in this Agreement prevents Licensee from using, licensing or in any other way dealing in or with any other technology, whether or not such technology is deemed to be competitive with the DP Specification.
- 4.7 Licensee represents that it understands that the royalty rates specified in this Agreement are payable under the terms of this Agreement for the life of this Agreement and that nothing shall compel the Licensors or the Licensing Administrator to reduce the royalties specified in this Agreement during the term of this Agreement.
- 4.8 Each party represents and warrants that it will comply with all applicable laws, regulations or ordinances pertaining to its performance hereunder.
- 4.9 Each party represents and warrants that this Agreement and the transactions contemplated hereby do not violate any agreements to which it is subject as a party or otherwise.

- 4.10 Each party further represents and warrants that in executing this Agreement, it does not rely on any promises, inducements, or representations made by any party or third party with respect to this Agreement or any other business dealings with any party or third party, now or in the future.
- 4.11 Each party represents and warrants that it is not presently the subject of a voluntary or involuntary petition in bankruptcy or the equivalent thereof, does not presently contemplate filing any such voluntary petition, and does not presently have reason to believe that such an involuntary petition will be filed against it.
- 4.12 Licensee and the Licensing Administrator recognize that the royalties payable shall neither increase nor decrease because of an increase or decrease in the number of DP Essential Patents in the DP Patent Portfolio or because of an increase or decrease in the prices of its DP Products.
- 4.13 Other than the express warranties of this Article 4, there are NO OTHER WARRANTIES, EXPRESS OR IMPLIED.

5. CONFIDENTIAL INFORMATION

- 5.1 For a period of five (5) years as measured from the first date of disclosure pursuant to this Agreement and for purposes of administering this program, the Licensing Administrator agrees to use reasonable care and discretion, at least commensurate with that degree of care it uses to protect similar information of its own, to avoid disclosure, publication, or dissemination of received Confidential Information, outside of those employees, officers, or consultants of the Licensing Administrator who have a need to know Confidential Information.
- 5.2 Disclosure by the Licensing Administrator of Confidential Information under Section 5.1 of this Agreement shall be permitted in the following circumstances; provided that (except with respect to Section 5.2.3) the Licensing Administrator shall have first given reasonable notice as practicable to Licensee that such disclosure is to be made:
 - 5.2.1 In response to an order of a court, legal process or other governmental body;
 - 5.2.2 Otherwise required by law;
 - 5.2.3 Necessary to establish rights under this Agreement; or
 - 5.2.4 If necessary in a proceeding before a governmental tax authority.
- 5.3 Notwithstanding any other provisions of this Agreement, the obligations specified in Section 5.1 of this Agreement will not apply to any information that:
 - 5.3.1 Is or becomes publicly available without breach of this Agreement; or

5.3.2 Is released for disclosure by written consent of the Licensee.

6. TERM AND TERMINATION

6.1 **Term and Certain Royalty Rates on Renewal.** This Agreement shall expire on December 31, 2020. Upon expiration, this Agreement shall be automatically renewed for successive five (5) year periods for the life of any DP Essential Patent (unless terminated pursuant to Section 6.4) upon notice of renewal to Licensee by the Licensing Administrator. Renewal may be conditioned upon compliance with any reasonable amendments or changes to the terms and conditions of this Agreement as set forth in such notice. Such reasonable change or amendment may take into account prevailing market conditions, changes in technological environment, and available commercial products at the time of each five (5) year renewal. In no event shall the royalties specified in Section 3.1.1 increase upon each renewal of this Agreement by more than twenty percent (20%) of the royalty rates to such specific Licensed Product and specific license grant as set forth in the sublicense immediately prior to renewal.

6.2 **Termination for Material Breach.** The Licensing Administrator shall have the right to terminate this Agreement upon breach of a material provision thereof by the Licensee. Subject to Section 6.5.7, such termination for material breach shall become effective upon the Licensing Administrator sending written notice to the Licensee specifying the breach, and the failure of the Licensee to demonstrate, to the satisfaction of the Licensing Administrator, that Licensee has cured such breach within thirty (30) days of the sending of such notice. A material breach as that term is used herein shall include, but is not limited to:

6.2.1 Failure of the Licensee to make payments and provide statements in accordance with this Agreement;

6.2.2 Failure of the Licensee to maintain adequate books and records or to permit an audit in accordance with Section 3.9; or

6.2.3 Failure of the Licensee to grant licenses to DP Essential Patent(s) licensable or sublicensable by Licensee in accordance with Section 7.3 or 7.4.

6.3 **Partial Termination in the Event of Litigation Brought by Licensee.** The Licensing Administrator, upon the instruction of a Licensor, shall terminate Licensee's sublicense under one or more DP Patent Portfolio Patent(s) licensed or sublicensed to the Licensing Administrator by such Licensor in the case of the following events.

6.3.1 The Licensee or an Affiliate has brought a lawsuit or other proceeding for infringement of a DP Implementation Specific Related Patent(s) and/or a DP Essential Patent(s) against such Licensor, and Licensee or its Affiliate has refused to grant the Licensor a license on fair and reasonable terms and conditions under the DP Implementation Specific

[14]

Related Patent(s) and/or DP Essential Patent(s) upon which the lawsuit or other proceeding is based. For purposes of this Section 6.3.1 only, the Licensor's per patent share of royalties payable pursuant to Article 3 of this Agreement shall be presumed to be a fair and reasonable royalty rate for Licensee's or its Affiliate's Patent(s) considering the essential nature of Licensor's Patent(s) licensed hereunder.

6.3.2 If the Licensee or an Affiliate in any judicial or administrative proceeding or the equivalent thereof directly or indirectly asserts that a DP Essential Patent licensed hereunder is not enforceable or is invalid, the Licensor of such DP Essential Patent may instruct the Licensing Administrator to terminate the Licensee's sublicense under any or all of the DP Essential Patent(s) in the DP Essential Patent family of the challenged DP Essential Patent.

6.3.3 Termination of Licensee's sublicense of any DP Patent Portfolio Patent(s), pursuant to Sections 6.3.1 and 6.3.2, shall be effective as of the date written notice is sent to Licensee by Licensing Administrator.

6.3.4 In the event Licensee exercises any of its have made rights under Article 2 with any party or obtains all or part of a DP Product from such party ("Have-Made Supplier") and

- (i) such Have-Made Supplier brings a lawsuit or other proceeding for infringement of any DP Essential Patent or DP Implementation Specific Related Patent against a Licensor,
- (ii) upon Licensor's representation that such Have-Made Supplier refuses to grant the Licensor a license on fair and reasonable terms and conditions under the DP Essential Patent(s) and/or DP Implementation Specific Related Patent(s) upon which the lawsuit or other proceeding is based, and
- (iii) pursuant to this Section 6.3.4, Licensor requests that Licensing Administrator revoke the Licensee's have made rights and/or Licensee's rights pursuant to Section 2.1 for any DP Product resulting from Licensee's use of such Have-Made Supplier,

then the Licensing Administrator shall revoke with twelve (12) months prior notice such Licensee's rights under any DP Patent Portfolio Patent(s) licensed or sublicensed to the Licensing Administrator by such Licensor with respect to Licensee's use of such Have-Made Supplier, and any DP Product resulting from Licensee's use of such Have-Made supplier shall not be licensed under such rights provided in this Agreement as they relate to such Licensor's DP Essential Patents in any respect whatsoever.

- 6.4 Voluntary Termination.** Licensee may terminate this Agreement by providing thirty (30) days' written notice to the Licensing Administrator.
- 6.5 Other Terminations.** In addition to other provisions set forth in this Agreement, this Agreement, in whole or in part as may be permitted by applicable law, may be terminated by the Licensing Administrator upon the occurrence of the following events:
- 6.5.1** If Licensee files a petition in bankruptcy or the equivalent thereof, or is the subject of an involuntary petition in bankruptcy that is not dismissed within sixty (60) days after the filing date thereof, or is or becomes insolvent, or admits of a general inability to pay its debts as they become due.
- 6.5.2** Upon the de facto or de jure nationalization or expropriation of Licensee by governmental or military action, whether or not with valid authority.
- 6.5.3** Upon any failure by Licensee to provide, within thirty (30) days after written notice from the Licensing Administrator, satisfactory and adequate assurances that Licensee is able and willing to fully and effectively perform its obligations under this Agreement.
- 6.5.4** Upon Licensee's failure during the term of this Agreement to pay royalties and/or provide statements as required by this Agreement.
- 6.5.5** Upon determination of a court of competent jurisdiction that an Affiliate of Licensee has infringed a Patent licensed under this Agreement.
- 6.5.6** If Licensee in any judicial or administrative proceeding or the equivalent thereof asserts a position that is in conflict with any of the representations, warranties, or covenants made by Licensee in this Agreement, regardless of whether such representations and/or warranties are set forth in the whereas clauses of this Agreement or in Article 4 or in Sections 7.6 and 7.7. Termination pursuant to this Section 6.5.6 shall be effective as of the date written notice is sent to Licensee by Licensing Administrator.
- 6.5.7** In the event that any of the events listed in Sections 6.5.1, 6.5.2, 6.5.3, 6.5.4, 6.5.5 or 6.5.6 hereof occur, this Agreement may be terminated by the Licensing Administrator upon thirty (30) days' written notice to Licensee, without any right of Licensee to cure.

Licensee shall provide thirty (30) days written notice prior to any such transfer transaction to Licensing Administrator. This provision does not exempt a Licensee's successor(s) in interest from liability for any unpaid royalties regardless of whether the Agreement is executed by such Licensee or its successor(s) in interest.
 - 7.1.2.1 In the event of such assignment or transfer, pursuant to Section 3.3.2, the transferee shall pay any additional Back Royalties that may be due for DP Products that were Sold by the transferee during the period from the Effective Date to the effective date of the assignment or transfer of the Agreement

Upon full execution of this Agreement, and as part of the consideration for the license granted in this Agreement, Licensee agrees to grant a nonexclusive license and/or sublicense for the DP Product Licensed Field of Use under any and all DP Essential Patent(s) that Licensee or its Affiliate(s), if any, has the right to license and/or sublicense, to any Licensor, or any sublicensee of the Licensing Administrator desiring such a license and/or sublicense on fair and reasonable terms and conditions. As part of the consideration for the licenses granted in this Agreement and for purposes of this Section 7.3 only, a per Patent share of royalties payable pursuant to Article 3 of this Agreement shall be presumed to be a fair and reasonable royalty rate for Licensee's Patent(s), taking into account any bona fide payment required to be made by Licensee to any unrelated third party upon the Licensee's sublicensing of such Patent(s).

7.4 Licensee's Option. In lieu of Section 7.3, Licensee shall have the option to hereby grant a nonexclusive license and/or sublicense for the DP Product Licensed Field of Use under any and all of its DP Essential Patent(s) to the Licensing Administrator. Licensee shall identify to the Licensing Administrator any and all of its Patents and Patents of its Affiliate(s), if any, which Licensee believes in good faith to be DP Essential Patent(s). Whether each of the Patent(s) identified by Licensee is a DP Essential Patent(s) shall be determined according to the established evaluation procedure applicable to all DP Patent Portfolio Patents. The terms and conditions of the license and/or sublicense granted by the Licensee to the Licensing Administrator under this Section 7.4 shall be identical to the terms and conditions of the license and/or sublicense granted by each Licensor to the Licensing Administrator. If Licensee elects the option set forth in this Section 7.4, it shall be required to enter into the "Agreement Among Licensors" and the "Licensing Administrator Agreement," which has been entered into by all Licensors.

7.5 Licensee Covenants.

7.5.1 In the event that Licensee or any of its Affiliates has granted an exclusive license to a third party under a DP Essential Patent(s) prior to the date of Licensee's execution of this Agreement, Licensee shall advise the Licensing Administrator prior to the execution of this Agreement of such an exclusive license and identify to the Licensing Administrator such third party and the DP Essential Patent(s).

7.6 Licensing Administrator Covenants.

7.6.1 The Licensing Administrator covenants that if during the term of this Agreement, it acquires rights to grant sublicenses under additional DP Essential Patent(s), the DisplayPort Patent Portfolio License herein will be supplemented to include such additional DP Essential Patent(s) and Licensee may then elect to include such Patent(s) in its licenses under this Agreement.

7.6.2 The Licensing Administrator covenants that if any Patent(s) in the DP Patent Portfolio sublicensed by the Licensing Administrator to Licensee pursuant to the terms hereof is found not to be a DP Essential Patent(s) in the country which issued or published the Patent(s), and such Patent(s) which is licensed to Licensee is to be deleted from the DP Patent Portfolio, the Licensing Administrator shall give notice to Licensee of such deletion, and Licensee shall have the option to retain its sublicense under the deleted Patent(s) for the remainder of the term of this Agreement.

7.7 **Most Favorable Royalty Rates.** Except as provided in Section 7.7.1, in the event that the Licensing Administrator grants a DisplayPort Patent Portfolio License to another party with royalty rates more favorable than those available in Article 3 as they pertain to the specific products which are licensed thereunder, whether or not such more favorable royalty rates are on terms and/or conditions that are different than those set forth herein, the Licensing Administrator shall send written notice to Licensee specifying the more favorable royalty rates and any terms and/or conditions that are different than those set forth herein within thirty (30) days of the granting of the DisplayPort Patent Portfolio License providing for such more favorable royalty rates. Licensee shall be entitled to an amendment of this Agreement to the extent of providing for royalty rates as favorable as that available to such other party within thirty (30) days of sending written notice to the Licensing Administrator requesting such amendment; provided, however, that this Agreement shall also be amended to include any additional terms provided in connection with the more favorable royalty rate as specified by the Licensing Administrator. Any amendment made pursuant to this Section 7.7 shall be effective as of the date it is made, and such more favorable royalty rates shall not be retroactively applicable in favor of the Licensee, and shall not be a basis for claiming any refund of royalties paid prior to such effective date.

7.7.1 Section 7.7 shall not apply to:

7.7.1.1 Settlement of litigation;

7.7.1.2 Determination by the Licensing Administrator of Back Royalties owed by a sublicensee or prospective sublicensee;

- 7.9 Relationship.** Nothing in this Agreement shall be construed to create a principal-agent relationship, partnership or joint venture between the parties, or give rise to any fiduciary duty from one party to the other party.
- 7.10 Severability.** If any provision of this Agreement is held by a court of competent jurisdiction to be unenforceable or contrary to law, the remaining provisions of this Agreement will remain in full force and effect to the extent that the interests of the parties in entering this Agreement can be realized.
- 7.11 No Waiver.** The failure of either party at any time to require performance by the other party of any provision of this Agreement shall not be construed as acquiescence or waiver of such failure to perform such provision. The failure of either party to take action upon the breach of any provision of this Agreement shall not be construed as acquiescence or waiver of any such breach.
- 7.12 Binding on Successors.** This Agreement shall be binding upon and inure to the benefit of the parties and their successors and assigns to the extent assignment is permitted by this Agreement.
- 7.13 Article and Section Headings.** The Article and Section headings contained in this Agreement are for reference purposes only and shall not in any way control the meaning or interpretation of this Agreement.
- 7.14 Representation of Counsel; Mutual Negotiation.** Each party had the opportunity to be represented by counsel of its choice in negotiating this Agreement. This Agreement shall therefore be deemed to have been negotiated at arm's-length, with the advice and participation of counsel, and prepared at the joint request, direction, and instruction of the parties, and shall be interpreted in accordance with its terms without favor to any party.
- 7.15 English Language.** The parties have required that this Agreement and all documents relating thereto be drawn up in English.
- 7.16 Bankruptcy.**
- 7.16.1** In the event that the Licensing Administrator files a petition under the United States federal bankruptcy laws, or that an involuntary petition shall be filed against the Licensing Administrator, the parties intend that Licensee shall be protected in the continued enjoyment of its rights as Licensee under the DP Essential Patents sublicensed hereunder to the maximum feasible extent including, without limitation, if it so elects, the protection conferred upon licensees under 11 U.S.C. Section 365(n). The Licensing Administrator agrees that it will give

Licensee notice of the filing of any voluntary or involuntary petition under the United States federal bankruptcy laws.

7.16.2 The DP Essential Patents sublicensed hereunder shall be deemed to be “intellectual property” as the term is defined in 11 U.S.C. Section 101(35A). All written agreements entered into in connection with the parties’ performances hereunder from time to time shall be considered agreements “supplementary” to this Agreement for purposes of said Section 365(n).

7.17 Choice of Law and Consent to Jurisdiction. The validity, construction and performance of this Agreement shall be governed by the substantive law of the State of New York, United States of America, without regard to the conflict of law rules. The parties to this Agreement hereby consent to the jurisdiction of the federal and state courts of the states of Colorado, Delaware, Maryland and/or New York (“Applicable Courts”) in the event of any dispute arising under or in connection with this Agreement. In the event either party files an action against the other in any Applicable Court, the other party hereby waives any right to assert lack of personal jurisdiction.

7.18 No Third Party Beneficiaries. Except as provided in this Section 7.18, nothing in this Agreement shall be construed to give rise to any obligation on either party hereto for the benefit of a third party other than the Licensors or to confer any rights on any third party other than the Licensors. Notwithstanding anything to the contrary herein, any licensee under a DisplayPort Patent Portfolio License which is in full compliance with its obligations under such license shall be deemed a third party beneficiary of the obligations under Section 7.3 of any other licensee.

7.19.1 The provisions of this Agreement, including its attachments, referenced agreements, and any amendments, constitute the entire agreement between the parties, and supersede any and all prior communications and understandings, oral or written, between the parties relating to the subject matter hereof.

7.19.2 Except for supplementation of or deletion from the DP Patent Portfolio by the Licensing Administrator or amendments to the DP Specification, no amendment of this Agreement shall be effective unless such amendment is in writing and specifically references this Agreement, and is signed by all parties hereto. The Licensing Administrator shall promptly notify Licensee of any supplementation of or deletion from the DP Patent Portfolio.

7.20 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
