<p><u>Preamble:</u> A system for wagering, comprising:</p>	<p><u>Preamble:</u> A method for wagering, comprising:</p>	<p><u>Preamble:</u> A non-transitory computer-readable medium containing computer executable instructions that, when executed by a processor, cause the processor to perform a method for wagering, the method comprising:</p>
<p><u>Element 1:</u> a ball;</p>		
<p><u>Element 2:</u> a roulette wheel having a plurality of positions into which the ball can land after a spin of the roulette wheel; and</p>		
<p><u>Element 3:</u> at least one hardware processor collectively configured to:</p>	<p><u>Element 1:</u> causing, by at least one hardware processor, a first graphical user interface to be presented on a first player device, wherein the first graphical user interface includes a roulette board;</p>	
<p><u>Element 4:</u> randomly or pseudo-randomly select a first selected position of the plurality of positions on the roulette wheel to have a first increased payout for the spin of the roulette wheel prior to the ball</p>	<p><u>Element 2:</u> randomly or pseudo-randomly selecting a first selected position of a plurality of positions on a roulette wheel to have a first increased payout for a spin of the roulette wheel prior to a ball landing into any</p>	<p><u>Element 1:</u> randomly or pseudo-randomly selecting a first selected position of a plurality of positions on a roulette wheel to have a first increased payout for a spin of the roulette wheel prior to a ball landing</p>

Independent Claim 1 of '371 Patent	Independent Claim 11 of '371 Patent	Independent Claim 21 of '371 Patent
landing into any of the plurality of positions on the roulette wheel for the spin;	of the plurality of positions on the roulette wheel for the spin;	into any of the plurality of positions on the roulette wheel for the spin;
<u>Element 5</u> : determine that the ball has landed into the first selected position for the spin; and	<u>Element 3</u> : determining that the ball has landed into the first selected position for the spin; and	<u>Element 2</u> : determining that the ball has landed into the first selected position for the spin; and
<u>Element 6</u> : determine that the first increased payout is applicable to a first bet made on the first selected position for the spin of the roulette wheel, wherein the first increased payout is greater than a first non-selected payout that would have been applicable to the first bet on the first selected position for the spin had the first selected position not been selected by the randomly or pseudo-randomly selecting the first selected position for the spin.	<u>Element 4</u> : determining that the first increased payout is applicable to a first bet made on the first selected position for the spin of the roulette wheel, wherein the first increased payout is greater than a first non-selected payout that would have been applicable to the first bet on the first selected position for the spin had the first selected position not been selected by the randomly or pseudo-randomly selecting the first selected position for the spin.	<u>Element 3</u> : determining that the first increased payout is applicable to a first bet made on the first selected position for the spin of the roulette wheel, wherein the first increased payout is greater than a first non-selected payout that would have been applicable to the first bet on the first selected position for the spin had the first selected position not been selected by the randomly or pseudo-randomly selecting the first selected position for the spin.
