Subject: IPR2025-01118 - Request for Authorization to Expunge and File Substitute Corrected Brief

Dear Board,

I write on behalf of Petitioner, Union Electric Company, regarding IPR2025-01118.

Petitioner's Opposition to Patent Owner's Brief in Support of Discretionary Denial ("Opposition") was timely filed and served on opposing counsel yesterday, October 1, 2025, in IPR2025-01118.

However, Petitioner's Opposition was inadvertently filed without a signature block or certificate of service.

Petitioner requests authorization to (1) expunge the originally filed version without the signature block and certificate of service; and (2) file a substitute brief identical to the originally filed brief but now including the signature block and certificate of service.

Petitioner has conferred with Counsel for Patent Owner, who does not oppose this request.

If the Board wishes to schedule a conference call to discuss the above, the parties will provide their collective availability for a call at the Board's request.

Sincerely,

Robert M. Evans, Jr.

Lead Counsel for Petitioner

Robert M. Evans, Jr.
