Honorable Board,

Patent Owner in the above-referenced IPRs respectfully requests an additional three (3) pages for its discretionary denial briefs in IPR2025-01104 and IPR2025-01175 beyond the 20-page limit (i.e., a total of 23 pages). Good cause exists to expand the 20-page limit because Patent Owner intends to request discretionary denial, in part, based on 35 U.S.C. § 325(d) and there are (1) 10 grounds and 6 references at issue in IPR2025-01104 and (2) 8 grounds and 6 references at issue in IPR2025-01175. Patent Owner submits that a limited expansion of the page limit is needed to address these grounds/references in relation to § 325(d) along with Patent Owner's other anticipated bases for discretionary denial.

Petitioner has indicated that it does not oppose this request.

Respectfully submitted,

Angelo Christopher
