TSMC v AICP, IPR2025-01210, -1211, -1212, and -01305

Dear Director Squires:

The parties have met and conferred regarding the contents of Petitioner's Opposition to Patent Owner's Discretionary Denial Request, filed on October 28, 2025 in each of the above-referenced matters, and both parties have agreed that the opposition brief contains no Confidential Information and may be filed publicly. Accordingly, Petitioner in each matter withdraws the portion of its motion to seal directed to Petitioner's opposition brief in each of the above-referenced matters. Additionally, Petitioner requests permission to file a corrected version of the brief publicly in each proceeding that removes the confidentiality legend (with no other changes), and requests that the version of the brief that was previously filed with only "Parties and Board" availability be expunged after the corrected brief is filed in each proceeding.

Counsel for Patent Owner has informed us they do not object to this request.

Respectfully,

Eliot D. Williams
