**UNITED STATES DISTRICT COURT  
SOUTHERN DISTRICT OF NEW YORK**

SHENZHEN NEEWER TECHNOLOGY CO., LTD.,

Plaintiff,

v.

ALLISMAN (SHENZHEN) TECHNOLOGY CO.,  
LTD. and SHENZHEN MAITEWEI INVESTMENT  
AND DEVELOPMENT CO., LTD.,

Defendants.

C.A. No. 20-CV-09446-KPF-DCF

**JURY TRIAL DEMANDED**

**COMPLAINT**

Plaintiff Shenzhen Neewer Technology Co., Ltd. (“Neewer” or “Plaintiff”), through its undersigned attorneys, files this Complaint against Defendants Shenzhen Maitewei Investment and Development Co., Ltd. (“Maitewei Investment”) and Allisman (Shenzhen) Technology Co., Ltd. (“Allisman”) (collectively, “Maitewei” or “Defendants”) and alleges as follows:

**NATURE OF THE ACTION**

1. Neewer brings this case against Maitewei Investment, the purported owner of U.S. Design Patent No. D881,980 (the “’980 patent”), and its subsidiary, alter ego, or otherwise related business entity, Allisman, the purported owner of U.S. Design Patent No. 901,054 (the “’054 patent”)<sup>1</sup>. On November 4, 2020—at the beginning of the busiest selling season of the year—an agent of Maitewei sent correspondence to Neewer, claiming that Neewer’s products infringe the ’980 patent directed to a softbox light and threatening to take “action” against Neewer if it did not contact Maitewei’s representative within 24 hours. Neewer contacted Maitewei within the

<sup>1</sup> The ’980 and ’054 patents are sometimes collectively referred to as the “Maitewei Patents.”

prescribed period. During ensuing discussions, Maitewei accused Neewer of also infringing the '054 patent directed to a ring light product and demanded that Neewer pay to license the Maitewei Patents. Because the parties could not reach resolution, Maitewei threatened to immediately commence takedown proceedings against many of Neewer's Amazon-listed products at the end of an in-person meeting between the parties on or around November 9, 2020. Thus, at any moment, Amazon can incorrectly remove (and Maitewei can improperly receive a *de facto* injunction against) Neewer's products. If Maitewei does take down Neewer's products, Neewer will suffer irreparable reputational harm and substantial damages. Neewer thus seeks a temporary restraining order and preliminary injunction preventing Maitewei from submitting takedown notices to Amazon concerning its softbox and ring light products.

2. Neewer also brings this action seeking a declaratory judgment that Neewer's products do not infringe the '980 patent or "the '054 patent, which are allegedly owned by Defendants. True and correct copies of the '980 patent and '054 patent are attached as Exhibits A and B. Neewer further seeks a declaratory judgment that the '980 patent and the '054 patent are each invalid.

3. In addition, Neewer brings this action for patent infringement concerning Maitewei's infringement of Neewer's U.S. Design Patent No. D887,590, titled *Ring Light* ("the '590 patent"). A true and correct copy of the '590 patent is attached as Exhibit C.

4. Accordingly, Neewer seeks permanent injunctive relief, an accounting, lost profits, compensatory and other damages, recovery of their costs and attorney's fees, and other applicable relief.

### **JURISDICTION AND VENUE**

11. This is a civil action for declaratory judgment brought under the Declaratory Judgment Act, 28 U.S.C. §§ 2201 and 2202, and for patent infringement under the Patent Laws of the United States, Title 35 of the United States Code (35 U.S.C. §§ 100 *et seq.*). This Court has subject matter jurisdiction over the action pursuant to 28 U.S.C. §§ 1331 and 1338(a), as it involves claims arising under the Patent Laws of the United States including but not limited to 35 U.S.C. § 271.

12. This Court has personal jurisdiction over Maitewei in this District, because Maitewei has committed acts of patent infringement within this State and in this District, and has committed acts of patent infringement outside the State, which caused injury to Neewer within the State. Maitewei expected and should reasonably have expected such acts to have consequences in this State, and Maitewei derives substantial revenue from interstate or international commerce. 13. Personal jurisdiction exists over Maitewei under at least New York’s long-arm statute, New York Civil Practice Law and Rules § 302. For example, Maitewei operates one or more interactive websites through which it sells or has sold to customers in the United States, including in this District, ring light products that infringe the ’590 patent. As an additional example, personal jurisdiction also exists over Maitewei because Maitewei has committed tortious

acts of intellectual property infringement outside New York State through at least the sale, marketing, advertisement, or offer for sale products that infringe the '590 patent, which has caused and continues to cause injury to Neewer within the State.

14. Venue is proper in this judicial district pursuant to 28 U.S.C. §§ 1391(b), 1391(c), and 1400(b).

23. Maitewei requested a meeting with Neewer on November 9, 2020, during which Maitewei demanded payment of a license fee based on the alleged infringement of the '980 patent and the '054 patent by the Neewer Softbox Products and the Neewer Ring Light Products. At that meeting, Maitewei further threatened to file takedown notices with Amazon to delist the Accused Products if Neewer refused to pay the license fee.

24. However, Neewer's products do not infringe the '980 patent or the '054 patent.

25. For example, Neewer's products differ significantly in at least three respects from the claim of the '980 Patent—(1) the shape of the softbox is different; (2) the assembly used to angle the softbox is different; and (3) the lightbulb assembly is a different design. Taken together,

a purchaser familiar with existing softbox products would not be deceived into purchasing Neewer's product supposing it to be a softbox embodying the claimed design.

26. In addition, both the '980 patent and the '054 patent are invalid in view of Neewer's photography products, which have been publicly disclosed, offered for sale, and used prior to the priority dates of the patents.

27. For example, at least one of the Neewer Softbox Products (B017D7W57S) was available for sale on Amazon as of October 30, 2015. *See* Exhibit G-1. However, the '980 patent was not issued until April 21, 2020 and it claims a priority date of December 19, 2019.

28. As a further example, at least one of the Neewer Ring Light Products (B01LXDNNBW) was available for sale on Amazon as of September 30, 2016. *See* Exhibit H-1. However, the '054 patent was not issued until November 3, 2020 and it claims a priority date of May 29, 2020.

29. As yet another example, at least one of Maitewei's softbox lighting products, marketed as "MOUNTDOG Softbox Lighting Kit Photography Studio Light 20"x28" Professional Continuous Light System with E27 95W Bulbs 5500K Photo Equipment for Filming Model Portraits Advertising Shooting" with an identification number of B07G32T189 (the "Maitewei Softbox Product") was available for sale on Amazon as of September 11, 2018, which is more than one year before the December 19, 2019 filing date of the '980 patent. Attached as Exhibit I is a true and correct copy of a printout of the Amazon webpage on which B07G32T189 is offered for sale.

30. Therefore, the '980 patent and the '054 patent are each invalid at least because of the prior public use and sale of at least one of the Neewer Softbox Products and at least one of the Neewer Ring Light Products and the Maitewei Softbox Product. In addition, the '980 patent and

the '054 patent each fails to satisfy one or more of the conditions and requirements for patentability set forth in Title 35 of the United States Code including, but not limited to, 35 U.S.C. §§ 101, 102, 103, 112 and/or 171, and the rules, regulations, and law pertaining thereto.

31. Neewer plans and intends to continue to at least sell, and promote its photography products including the Accused Products. However, as discussed above, Maitewei has demonstrated its intent to enforce the '980 patent and the '054 patent. Neewer is thus under a reasonable apprehension that Neewer, its customers, retailers, and/or distributors will be sued by Maitewei and/or will be the subject of baseless takedown notices for the alleged infringement by the Accused Products.

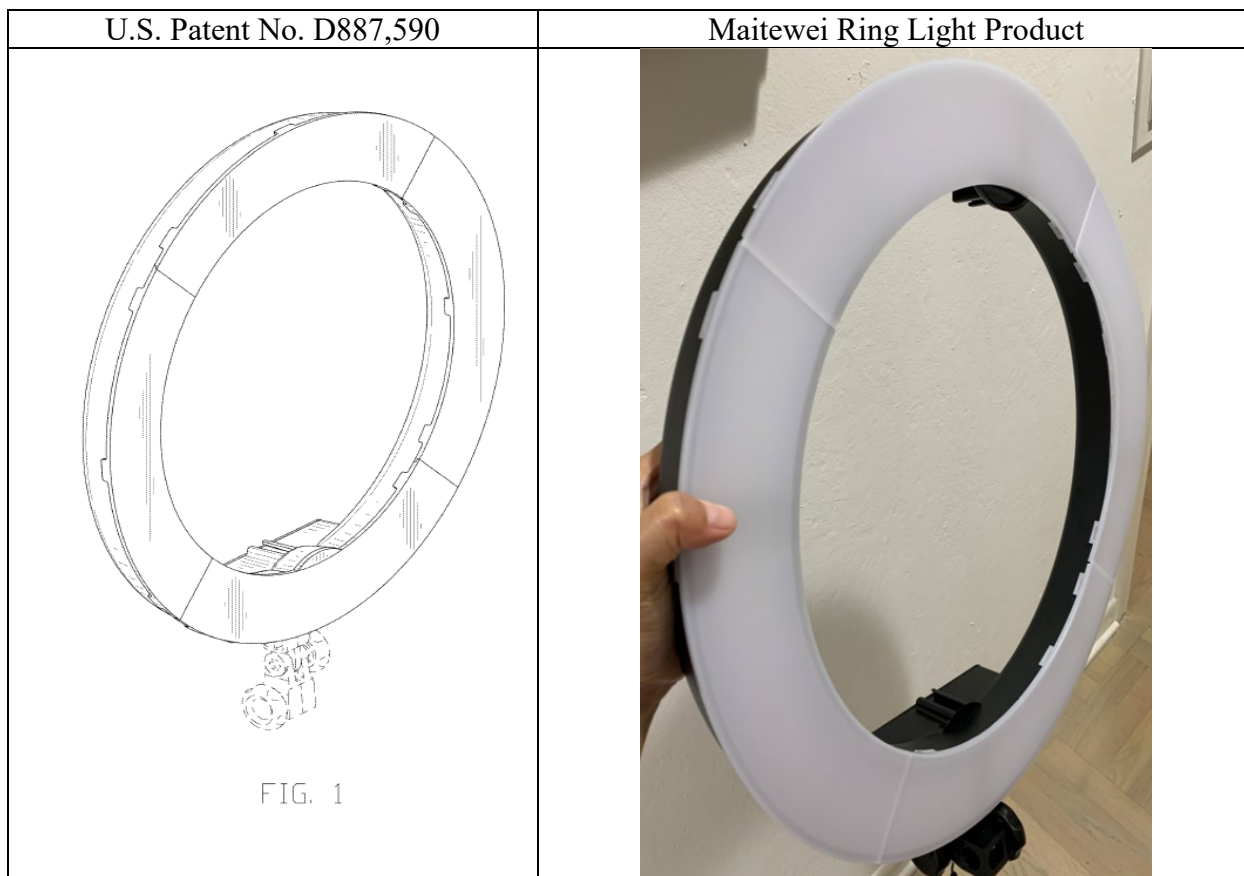

32. Accordingly, for at least the reasons set forth above, an actual and justiciable controversy has arisen and exists between the parties as to the validity of the '980 patent and the '054 patent and as to the alleged infringement by making, importing, and selling Neewer's photography products including the Accused Products.

33. Moreover, Maitewei's making, using, sale, and/or offer for sale of one or more of its ring light products infringe(s) Neewer's '590 patent.

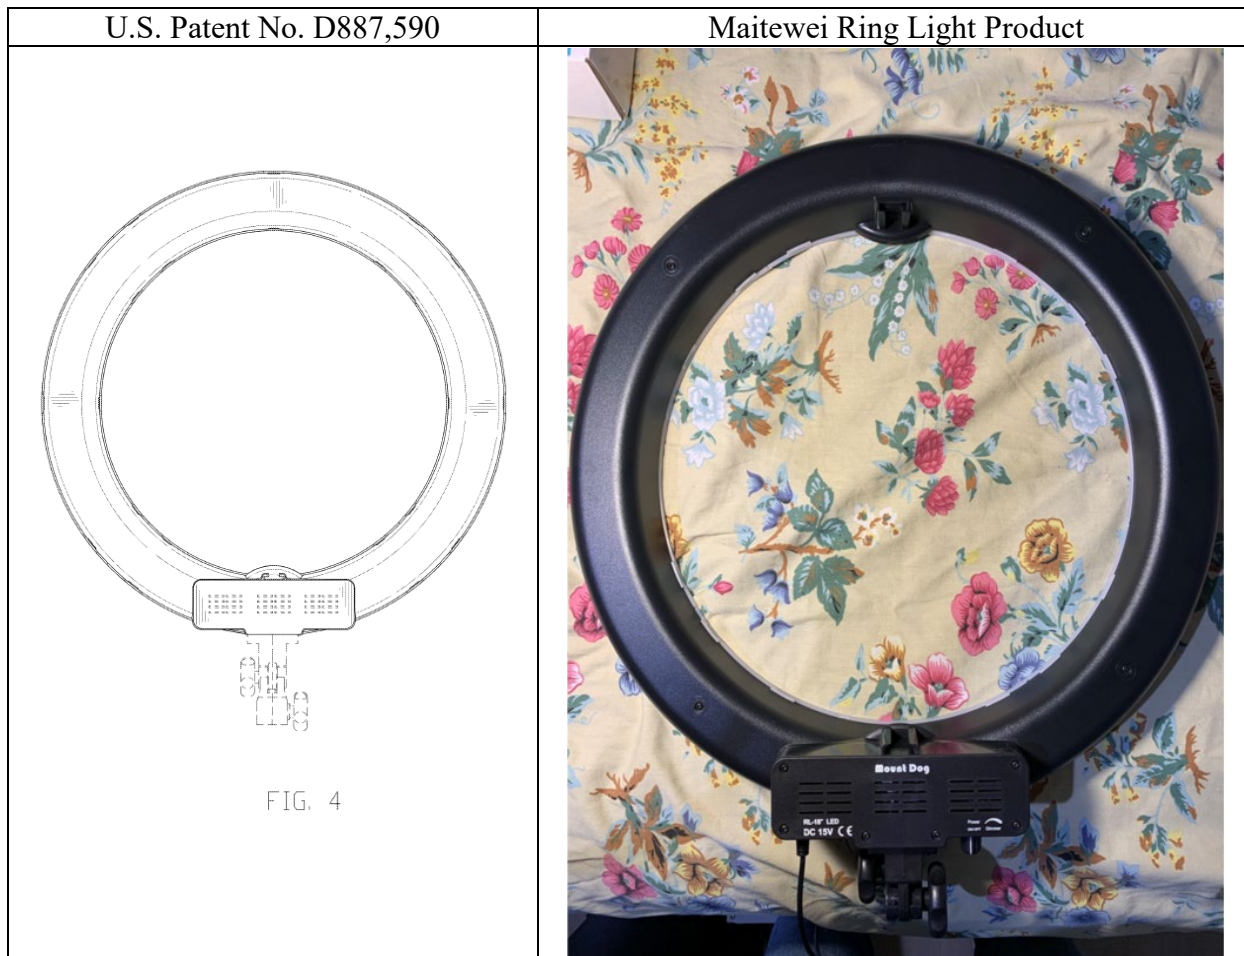

34. Specifically, Neewer invented a new, original, and ornamental design directed to ring light, as shown and described in the '590 patent. The '590 patent was issued on June 16, 2020 and claims a priority date of July 5, 2018.

35. Maitewei has infringed the '590 patent by, for example, selling and offering for sale a ring light product marketed as "MOUNTDOG 18" Ring Light Kit 55W Bluetooth LED Ringlight Lighting with Tripod Stand Dimmable 3200K/5500K YouTube Circle Lighting Ringlights for Makeup Video Photography Blogging Portrait" on Amazon, with an identification number of B07L6B667Q (the "Maitewei Ring Light Product"). Attached as Exhibit J is a true and correct

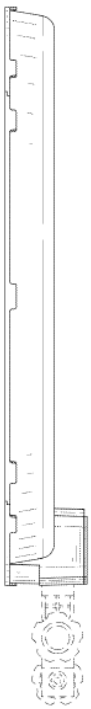

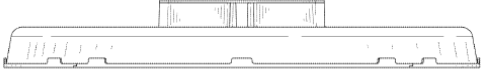

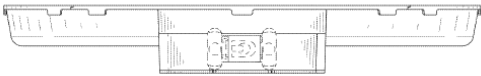

copy of a printout of the Amazon webpage on which B07L6B667Q is offered for sale. Below is a side-by-side comparison of the '590 patent and the Maitewei Ring Light Product:

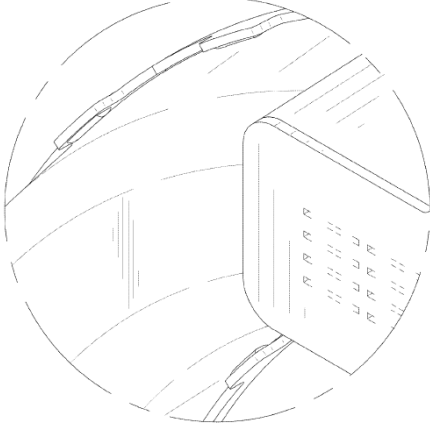

U.S. Patent No. D887,590	Maitewei Ring Light Product
 <p data-bbox="428 930 516 961">FIG. 2</p>	
 <p data-bbox="428 1619 516 1650">FIG. 3</p>	

U.S. Patent No. D887,590	Maitewei Ring Light Product
 <p data-bbox="440 1052 542 1087">FIG. 5</p>	

U.S. Patent No. D887,590	Maitewei Ring Light Product
 <p data-bbox="391 1045 488 1081">FIG. 6</p>	
 <p data-bbox="410 1371 488 1407">FIG. 7</p>	
 <p data-bbox="435 1633 513 1669">FIG. 8</p>	

U.S. Patent No. D887,590	Maitewei Ring Light Product
 <p data-bbox="446 716 505 743">FIG. 9</p>	

36. As illustrated above, the Maitewei Ring Light Product contains each and every feature claimed by the '590 patent. However, Neewer has never licensed the '590 patent to Maitewei, and Maitewei has no right, title or interest in or to the '590 patent.

37. Upon information and belief, Maitewei did not publicly disclose or make the Maitewei Ring Light Product available for sale until December 6, 2018. *See* Exhibit J.

38. Based on the foregoing, an actual and justiciable controversy now exists between Neewer and ALSM regarding ALSM's infringement of the '590 patent, which warrants the issuance of a declaratory judgment.

#### **COUNT I – DECLARATION OF NON-INFRINGEMENT OF THE '980 PATENT**

39. Neewer repeats and incorporates by reference its allegations in each of the foregoing paragraphs as if fully set forth herein.

40. Neewer has not infringed and does not infringe the '980 patent directly or indirectly, either literally or under the doctrine of equivalents, by making, importing, or selling the Neewer Softbox Products, for at least the reasons set forth above.

41. There is an actual controversy, within the meaning of 28 U.S.C. § 2201 and § 2202, between Neewer and Maitewei concerning the non-infringement of the '980 patent.

42. Neewer is therefore entitled to a declaratory judgment that it has not infringed the '980 patent, directly or indirectly, either literally or under the doctrine of equivalents.

**COUNT II – DECLARATION OF NON-INFRINGEMENT OF THE '054 PATENT**

43. Neewer repeats and incorporates by reference its allegations in each of the foregoing paragraphs as if fully set forth herein.

44. Neewer has not infringed and does not infringe the '054 patent directly or indirectly, either literally or under the doctrine of equivalents, by making, importing, or selling the Neewer Ring Light Products, for at least the reasons set forth above.

45. There is an actual controversy, within the meaning of 28 U.S.C. § 2201 and § 2202, between Neewer and Maitewei concerning the non-infringement of the '054 patent.

46. Neewer is therefore entitled to a declaratory judgment that it has not infringed the '054 patent, directly or indirectly, either literally or under the doctrine of equivalents.

**COUNT III – DECLARATION OF INVALIDITY OF THE '980 PATENT**

47. Neewer repeats and incorporates by reference its allegations in each of the foregoing paragraphs as if fully set forth herein.

48. As set forth above, the design purportedly claimed in the '980 patent does not qualify for patent protection. For example, and without limitation, the '980 patent is invalid as anticipated and/or obvious in view of the prior public use and sale of at least one of the Neewer Softbox Products and the Maitewei Softbox Product.

49. An actual controversy exists between Neewer and Maitewei regarding whether or not the '980 patent is invalid.

50. Neewer seeks and is entitled to a declaratory judgment that the '980 patent is invalid and void for failure to satisfy one or more conditions of patentability set forth in 35 U.S.C. §§ 101, 102, 103, 112 and/or 171. Without such declaratory relief, Neewer will be irreparably harmed and damaged.

**COUNT IV – DECLARATION OF INVALIDITY OF THE '054 PATENT**

51. Neewer repeats and incorporates by reference its allegations in each of the foregoing paragraphs as if fully set forth herein.

52. As set forth above, the design purportedly claimed in the '054 patent does not qualify for patent protection. For example, and without limitation, the '054 patent is invalid as anticipated and/or obvious in view of the prior public use and sale of at least one of the Neewer Ring Light Products.

53. An actual controversy exists between Neewer and Maitewei regarding whether or not the '054 patent is invalid.

54. Neewer seeks and is entitled to a declaratory judgment that the '054 patent is invalid and void for failure to satisfy one or more conditions of patentability set forth in 35 U.S.C. §§ 101, 102, 103, 112 and/or 171. Without such declaratory relief, Neewer will be irreparably harmed and damaged.

**COUNT V – INFRINGEMENT OF THE '590 PATENT**

55. Neewer repeats and incorporates by reference its allegations in each of the foregoing paragraphs as if fully set forth herein.

56. The '590 patent is non-anticipated and non-obvious as defined in 35 U.S.C. §§ 102 and 103.

57. Maitewei has made, used, imported, supplied, distributed, sold, and/or offered for sale one or more of its ring light products including the Maitewei Ring Light Product described above. By so doing, Maitewei has directly infringed (literally and/or under the doctrine of equivalents) the '590 patent. Maitewei's infringement in this regard is ongoing.

58. Neewer has been damaged as a result of Maitewei's infringing conduct, and Maitewei is liable to Neewer in an amount that adequately compensates it for such infringements, which, by law, cannot be less than a reasonable royalty, together with interest and costs as fixed by the Court under 35 U.S.C. § 284. In the alternative, Maitewei is liable to Neewer under 35 U.S.C. § 289 in the amount of the total profits that Maitewei has made from the infringing products.

59. Upon information and belief, Maitewei's infringement is willful and intentional.

60. The willful and intentional nature of Maitewei's infringement entitles Neewer to an award of treble damages pursuant to 35 U.S.C. § 284 and the exceptional nature of the case entitles Neewer to an award of its attorneys' fees pursuant to 35 U.S.C. § 285.

61. Neewer will continue to suffer damages and irreparable harm unless Maitewei is restrained and enjoined by this court, pursuant to 35 U.S.C. § 283 from further infringement of the patents.

**PLAINTIFF'S PRAYER FOR RELIEF**

Wherefore, Neewer respectfully requests that this Court enter judgment in its favor and grant the following relief:

(a) A declaration that Neewer has not infringed, induced infringement of, or contributorily infringed, and does not infringe, induce infringement of, and/or contributorily infringe the '980 patent or the '054 patent;

(b) A declaration that the '980 patent and the '054 patent are each invalid and void for failure to comply with one or more sections of Title 35 of the United States Code including, without limitation, 35 U.S.C. §§ 101, 102, 103, 112 and/or 171;

(c) A declaration that Maitewei has no claim for damages from the alleged infringement of the '980 patent or the '054 patent;

(d) A preliminary and permanent injunction enjoining Maitewei from directly or indirectly asserting or instituting any action based on the '980 patent or the '054 patent against Neewer or any of its customers, retailers, or partnered distributors, including precluding Maitewei from filing any takedown notices or other infringement reports with Amazon against Neewer's products with respect to the '980 patent or the '054 patent;

(e) Adjudging that Maitewei has infringed the '590 patent;

(h) Adjudging that this case is exceptional pursuant to 35 U.S.C. § 285 and awarding Neewer reasonable attorney fees and costs against Maitewei;

Review of NEW model with "Bi Color" LED Ring - important design change

Reviewed in the United States on June 11, 2019

Verified Purchase

Neewer has come out with a new version of this ring light kit, and it looks like someone in the design department messed up!

For the older version, the ring light had a cold (hot) shoe mount which allowed you to put the ring on the included ball head and then adjust the angle of the light. Adjusting the angle of the light is important to avoid harsh light on the subject, and to avoid "halos" for anyone wearing glasses. Well, the new version no longer has the cold shoe adapter, so you can't adjust the angle of the light. They still include the ball head in the package, but it's not usable.

My solution was to put an old tripod head that I had lying around (Manfrotto #3229) on top of the light stand and below the ring light. This allows me to adjust the angle of the light. As an added bonus, this head has a quick release, so I can quickly pop the ring light on and off the light stand.

I've spoken with Neewer customer support, and after a few emails they acknowledged the change and that

Great light! Used for diy photo booth setup

Reviewed in the United States on January 16, 2019

Verified Purchase

Great little light! I recently created my own diy photo booth using this light! Very affordable and allowed me to add another element to my wedding business for a fraction of the price! Most photo booth setups cost in the \$1,000 range and up! This cost me nowhere near the price and the light works flawless! Battery and wall options make it so versatile! Two battery's last easily 5 hours on half power which is more than enough.

★★★★☆ Powerful, great value, could be more practical

Reviewed in the United States on December 19, 2018

Verified Purchase

PROS:

- The light is POWERFUL, most of the time I don't need to set it at max power.
- This is not the largest ring available, but the light distribution is not worse because of that. Still lights people beautifully
- Having batteries makes every thing so much easier, you can use this anywhere!
- Battery life is pretty decent.

CONS:

- It's a pain to put it on/take it off the light stand. The screw is tiny and hard to handle.
- The ball head makes it hard to position the light the way you want it. It keeps falling. It feels loose. Sometimes it stays where you want it, but it's not easy to get that. This is definitely my biggest complaint.
- It uses 2 batteries but the charger only charges one at a time, pretty inconvenient.

Overall, I'm very happy with it. The results are beautiful and the price is totally worth it. If the light stand was easier to set up, I'd give it 5 stars.

★★★★☆ Great light, great battery, no tilt.

Reviewed in the United States on September 26, 2019

Verified Purchase

This ring light is excellent for the price. It's battery option has been amazing. It has not yet been used for its professional intention, but it's been used around the house and has no issues. Except for the fact that it's not tiltable, which when using it for makeup or photography is very important. See my photo for how I used some old mounts I had lying around to enable it to tilt. But this should have been a cheap and simple thing provided by newer from the start.

★★★★★ I definitely recommend a ring light of this size!

Reviewed in the United States on February 2, 2019

Size: 20 inches Verified Purchase

I know this brand, so I bought this 20-inch ring light almost immediately. The keywords I searched for were very simple, only the "20-inch ring light", so this is the first one that meets the requirements. It will really be bigger than you think, like a swimming ring. But the best thing about it is that its inner ring diameter is large enough. Unlike some products, the seller may claim that it is 18 inches, but the inner ring used to place the camera is actually only 14 inches in diameter. Regarding its function, I think you will know a lot when you google it. I definitely recommend a ring light of this size!

I came back for a second Neewer Ring Light. I loved my 14" and decided to upgrade. The 20" allows me to use my iPad Pro to capture videos and pictures. I also get more light coverage. I set up the light in minutes. See photo of me without light on, with cool lighting, and with warm lighting. I love that I don't have to switch filters. The clicker that comes with the order allows me to discreetly take several selfies. The smartphone holder isn't the best. I swapped it out with another one for more stability and now for a larger holder that holds iPad Pro size tablets

★★★★★ I was so happy to get this ring light!

Reviewed in the United States on December 11, 2018

[Verified Purchase](#)

I'm so happy I got this ring light! Came with a cute little camera remote that I can connect to the bluetooth on my phone and activate the camera's sensor from my phone with just the click of a button! It was so quick and easy to put together, just had to mount it to the stand and put in the batteries and I was good to go! I love that I can use it anywhere because it takes batteries and that they came with it as well as a charger! The light stays lit for hours and the lighting is really great for my filming. My youtube videos have perfect lighting since I can dim to adjust it so I can use it for bright and low level light. I can film right from the light as well and on my phone and camera since it comes with a holder that can attach either of them and shoot directly from inside the ring light on the tripod stand.

★★★★★ Schön großer, sehr heller LED Ring mit stufenloser Farbkalibrierung!

Reviewed in Germany on November 30, 2019

Size: 20 inches [Verified Purchase](#)

Ich suchte eine einfache Möglichkeit für die Beleuchtung von einzelnen Talenten. Die gängigen LED Panels sind zwar praktisch, jedoch sehr punktuell und hart. Softboxen sind mir zu sperrig. Der Ring ist ausreichend soft und durch die 50cm Durchmesser sich so breit ausleuchtend wie 4 LED Panels, ohne dabei die Härte im mittleren Sichtbereich zu erzeugen.

Das Teil ist angenehm leicht - manche würden sagen "billig verarbeitet", ich bin froh über jedes gesparte Kilo und finde, dass der Ring voll kommen sauber verarbeitet wurde.

Die Stromversorgung per Netzteil gefällt mir aufgrund der langen Kabel sehr, sicher über 2 Meter. Top. Die Akkus sind eine nette Dreingabe, ich würde mich bei einem Videodreh nicht drauf verlassen. Bei einer Fotosession wäre es ok, dort macht es weniger aus wenn die auf einmal leer sind. Auch bei großen Akkus wäre ich immer vorsichtig...zudem ist der Ring mit Netzteil noch ein Stückchen heller.

Die Tasche ist ausreichend gross um das Netzteil mit zu verstauen und sie ist gepolstert. Auch bei vollern Auto findet der Ring noch irgendwo Platz, die Höhe der Tasche ist unter 10cm.

Das kleine Lichtstativ ist ok. Die Zubehörteile ebenfalls

Alles in allem finde ich den Preis gerechtfertigt und das Licht ausreichend hell und soft.
