#### ADDITIONAL REQUIREMENTS

**Mediation:** While certain cases may benefit from mediation, such may not be appropriate for every case. The Court finds that the Parties are best suited to evaluate whether mediation will benefit the case after the issuance of the Court’s claim construction order. Accordingly, the Court **ORDERS** the Parties to file a Joint Notice indicating whether the case should be referred for mediation **within fourteen days of the issuance of the Court’s claim construction order**. As a part of such Joint Notice, the Parties should indicate whether they have a mutually agreeable mediator for the Court to consider. If the Parties disagree about whether mediation is appropriate, the Parties should set forth a brief statement of their competing positions in the Joint Notice.

**Summary Judgment Motions, Motions to Strike Expert Testimony, and Daubert Motions:** For each motion, the moving party shall provide the Court with two (2) hard copies of the completed briefing (opening motion, response, reply, and if applicable, sur-reply), excluding exhibits, in D-three-ring binders, appropriately tabbed. All documents shall be single-sided and must include the CM/ECF header. These copies shall be delivered to the Court within three (3) business days after briefing has completed. For expert-related motions, complete digital copies of

the relevant expert report(s) and accompanying exhibits shall be submitted on a single flash drive to the Court. Complete digital copies of the expert report(s) shall be delivered to the Court no later than the dispositive motion deadline.

**Indefiniteness:** In lieu of early motions for summary judgment, the parties are directed to include any arguments related to the issue of indefiniteness in their *Markman* briefing, subject to the local rules' normal page limits.

**Lead Counsel:** The Parties are directed to Local Rule CV-11(a)(1), which provides that “[o]n the first appearance through counsel, each party shall designate a lead attorney on the pleadings or otherwise.” Additionally, once designated, a party’s lead attorney may only be changed by the filing of a Motion to Change Lead Counsel and thereafter obtaining from the Court an Order granting leave to designate different lead counsel.

**Motions for Continuance:** The following excuses will not warrant a continuance nor justify a failure to comply with the discovery deadline:

- (a) The fact that there are motions for summary judgment or motions to dismiss pending;
- (b) The fact that one or more of the attorneys is set for trial in another court on the same day, unless the other setting was made prior to the date of this order or was made as a special provision for the parties in the other case;
- (c) The failure to complete discovery prior to trial, unless the parties can demonstrate that it was impossible to complete discovery despite their good faith effort to do so.

**Amendments to the Docket Control Order (“DCO”):** Any motion to alter any date on the DCO shall take the form of a motion to amend the DCO. The motion to amend the DCO shall include a proposed order that lists all of the remaining dates in one column (as above) and the proposed changes to each date in an additional adjacent column (if there is no change for a date the proposed date column should remain blank or indicate that it is unchanged). In other words, the DCO in the proposed order should be complete such that one can clearly see all the remaining deadlines and the changes, if any, to those deadlines, rather than needing to also refer to an earlier version of the DCO.

**Proposed DCO:** The Parties’ Proposed DCO should also follow the format described above under “Amendments to the Docket Control Order (‘DCO’).”

**Joint Pretrial Order:** In the contentions of the Parties included in the Joint Pretrial Order, the Plaintiff shall specify all allegedly infringed claims that will be asserted at trial. The Plaintiff shall also specify the nature of each theory of infringement, including under which subsections of 35 U.S.C. § 271 it alleges infringement, and whether the Plaintiff alleges divided infringement or infringement under the doctrine of equivalents. Defendants shall indicate the nature of each theory of invalidity, including invalidity for anticipation, obviousness, subject-matter eligibility, written description, enablement, or any other basis for invalidity. The Defendants shall also specify each prior art reference or combination of references upon which the Defendants shall rely at trial, with

respect to each theory of invalidity. The contentions of the Parties may not be amended, supplemented, or dropped without leave of the Court based upon a showing of good cause.

**So ORDERED and SIGNED this 29th day of August, 2025.**
