Taxes and shipping on items purchased using ACMI are subject to your card's variable APR, not the ACMI 0% APR. ACMI is not available for purchases made at special storefronts or when using such special discounts in-store at Apple, except ACMI is available at the Education storefront and with the Education discount. The last month's payment for each product will be the product's purchase price, less all other payments at the monthly payment amount. See [here](#) for more information about eligible products. Existing customers: See your Customer Agreement for your variable APR. As of November 1, 2025, the variable APR on new Apple Card accounts ranges from 17.74% to 27.99%. You must elect to use ACMI at checkout. If you buy an ACMI-eligible product with a one-time payment on Apple Card at checkout, that purchase is subject to your Apple Card's variable APR, not the ACMI 0% APR.
