How do I sign in to Messenger?

Sign in to Messenger:

1. Click the Windows **Start** button, select **Programs** and **Yahoo! Messenger**.
2. Enter your ID and password.
3. If more than one person is going to be using Messenger on this system, uncheck the **Remember my ID & Password** option. The application will request a Yahoo! ID and password each time it is started.
4. Click the **Sign In** button.

If you don't have a Yahoo! ID, click the **Get Yahoo! ID** button to create a free Yahoo! Account.

Please Note: Your password is encrypted for your safety.

Is this enough information?

- Yes** Great! Click Yes to go back to Yahoo! Messenger.
- No** Click No to contact Yahoo! Customer Care.
