Hi, Ishay.

Yes, our legal meant he can't accept the part "*or if it would be deemed by its nature to be confidential by a reasonable person*", and he agree for section 8 and 11.

You welcome to send updated version.

Hi

I think that my attorney comments are correct, that section 5 is sufficient for you. It only states "for a reasonable person" so I don't get it why you disagree.

It would have saved the trouble to mark everything confidential. Bottom line, we can leave it out if you want, and I'll send "confidential" on all emails and meetings regarding technology.

Should I prepare a clean version and send it to you?

Will you accept electronic signature?

Thanks,
Ishay

Hi, Ishay.

I got answer from our legal.

We can accept the comment in section 11,
however, we cannot accept the remark
regarding confidentiality in the second
paragraph.

Please let me know what you think.

Hatima Tova.
