Counsel,

We write with respect to the petition for IPR that NJOY filed on November 26th, 2025 challenging claims of U.S. Patent No. 12,156,533 (“the ‘533 patent”). If IPR is instituted based on this petition, NJOY and the other defendants-respondents named in the related District Court Case No. 2:25-cv-02853 (D. Az.) and Inv. No. 337-TA-1460 (ITC) hereby stipulate that, while such IPR is pending, they will not pursue in either case, against the ‘533 patent, any grounds of invalidity based on the prior art references cited in this petition.

Regards,
Casey
